Journeymen features in-depth interviews with Greaves and other men who have similarly served the fight game, including Kristian Laight (164 defeats), Daniel Thorpe (113) and Jody Meikle (43). Though sometimes dark, their tales reveal humor, wisdom, and sporting pride: the journeymen eschew glamour, make the best of what they have, and face the world with a smile and a wink.

"But whatever power I may have over my own thoughts, I find the ideas actually perceived by sense have not a like dependence on my will. When in the broad daylight I open my eyes, it is not in my power to choose whether I shall see or no, or what particular objects shall present themselves to my view and so likewise as to the hearing and other senses" (George Berkeley, 1710, Principles of Human Knowledge, Section 29). The History of a Journeyman Poet is a collection of autobiographical, semi-autobiographical, fantasy, and science-fiction poems. Though all the joy and all the pain the author has experienced over the course of his life, all this joy and pain are far exceeded or matched by countless others. What are unique are the author’s perceptions and interpretations, when seeing, hearing, or smelling, his “wordcraft.” The goal of the craft of poetry writing, like other creative works, is to produce a master work. In the old craft guilds, all start out as apprentices. Some move on to become journeymen, a smaller number become masters. According to the author, these are his journeyman poems. As the...
journeyman is corrected by his master, the author welcomes corrections by his masters. Also like the literal meaning of the phrase journeyman, this collection of poems are interpretations of a few moments in the author's unique yet ordinary life's journey.

Every young hockey player dreams of one day playing in the NHL, of skating on a line with his hero and drinking champagne in the dressing room after winning the Stanley Cup. But kids should watch what they wish for. They may make it to the pros, like Sean Pronger, only to end up playing for sixteen teams over eleven seasons. They may end up on a team with a guy like the Great One, but skate on his line only in practice when the bona fide first-line centre has the flu. And they may end up drinking champagne only because their little brother wins the Stanley Cup. Anyone who's gotten to the NHL the hard way has a story to tell. No one knows the game better than the guys on the fourth line who fight for their jobs every night. They know all too well what it's like to watch from the press box or, worse, to be sent to the minors or traded. Sean Pronger has seen it all. He's played for legendary coaches like Pat Burns and gone head-to-head with guys such as Doug Gilmour and Steve Yzerman in the faceoff circle. He was on the ice for perhaps the most notorious violent attack in recent hockey history. While playing in the minors in Winnipeg, he guzzled beer in an ice-fishing hut with grizzled veterans like John MacLean, and while playing in Europe, he caused international incidents with guys such as Doug Weight. Full of hilarious stories and self-deprecating jokes, Journeyman is a story not only about achieving a dream, but about realizing you've achieved it.

King of the Journeymen is the gripping autobiography of Peter Buckley, a pro boxer who fought 300 times and was a 'stepping stone' for world champions such as Naseem Hamed and Duke McKenzie. As a boy, Buckley shone as an amateur boxer, but outside the ring he was heading for trouble. He was suspended
numerous times from school and sent to prison at age 15 for assault and robbery. Whilst inside, his father died. His life felt hopeless and seemed to be going nowhere. But after his release he turned to professional boxing and things started to improve. Labelled a journeyman, he fought often and lost often, whilst earning more money than he'd thought possible. Buckley never refused a fight, often accepting bouts at a few hours’ notice or after a night out. King of the Journeymen is an inspirational tale of a man tenaciously fighting for a better life. Although he lost more fights than he won, Buckley persevered with his career and attained widespread respect from boxers and fans alike.

The Path to Being a Better Man

Many modern men are consumed by anger, frustration, aggression, and fear. We are unable to connect effectively as a spouse, a father, a friend, and even a leader. We push people away, lash out at those we love the most, and keep our inner struggles to ourselves. This disjunction from the outside world poisons our relationships and threatens our ability to find true fulfillment. But there is a path to a better version of the modern man. By confronting the inner challenges that inform our outward behaviors, we can reshape ourselves. With help and courage, we can set off on a new journey toward better relationships, more honest and effective communication, and an overall better life.

Tony C. Daloisio harnesses over thirty years of professional experience as a practicing psychologist and researcher, as well as his own personal journey, to illuminate the road to a well-lived life. The path—and the journeyman—will never be perfect, but the journey itself will lead to lasting positive change for ourselves and for our loved ones.
