Landmark Papers in Neurosurgery: Amazon.co.uk: Johnson ...

It is important to recognise that Landmark Papers in Neurosurgery is more than a simple compilation summarising neurosurgery's most-cited papers – the editors of each chapter have critiqued every paper and this is provided alongside the summary. Where contentious conclusions have been drawn from a study or evidence is inconclusive, other relevant evidence is incorporated into discussion, for example the debate over decompressive craniectomy in cases of malignant MCA infarction, where ...
