“ Emma Griffin gives a new and powerful voice to the men and women whose blood and sweat greased the wheels of the Industrial Revolution ” (Tim Hitchcock, author of *Down and Out in Eighteenth-Century London*). This “ provocative study ” looks at hundreds of autobiographies penned between 1760 and 1900 to offer an intimate firsthand account of how the Industrial Revolution was experienced by the working class (*The New Yorker*). The era didn ’ t just bring about misery and poverty. On the contrary, Emma Griffin shows how it raised incomes, improved literacy, and offered exciting opportunities for political action. For many, this was a period of new, and much valued, sexual and cultural freedom. This rich personal account focuses on the social impact of the Industrial Revolution, rather than its economic and political histories. In the tradition of bestselling books by Liza Picard, Judith Flanders, and Jerry White, Griffin gets under the skin of the period and creates a cast of colorful characters, including factory workers, miners, shoemakers, carpenters, servants, and farm laborers. “ Through the ‘ messy tales ’ of more than 350 working-class lives, Emma Griffin arrives at an upbeat interpretation of the Industrial Revolution most of us would hardly recognize. It is quite enthralling. ” —*The Oldie* magazine “ A triumph, achieved in fewer than 250 gracefully written pages. They persuasively purvey Griffin ’ s historical conviction. She is intimate with her audience, wooing it and teasing it along the way. ” —*The Times Literary Supplement* “ An admirably intimate and expansive revisionist history. ” —*Publishers Weekly*

The Liberty Trilogy contemplates the fragility of freedom and liberty by taking its readers on a fictional adventure through American history. Political and economic circumstance, patriotism, and faith guide the main characters through their unnatural journey. The first book, *Libertys Dawn*, occurs during the 1780-1781 years of the revolutionary conflict in North America's southern colonies. In *Libertys Dawn*, three friends embark on a winter camping trip in the mountains of South Carolina, to escape the stark realities and absurdities of modern society. They have planned a weekend of camp fires, good eating, and target shooting at an outdoor rifle and pistol range. Abruptly, on the first days hike, an unseen force thrusts them back in time to witness the fall of Charleston to British forces loyal to King George in late spring of the year 1780. How did the friends get here? Why are they here? What should they do now? Nik, Sid, and John must wrestle with these questions and ultimately find their way as history unfolds before them. American history is Nik's passion and seeing the Revolutionary war is like watching a living history of the events he has studied most of his life. John is an avid outdoorsman and Sid is a computer professional with previous contacts throughout the US military. The friends soon discover an evil from America's past is in the wrong place and at the wrong time. Will liberty and freedom expire before it takes root? Will evil triumph?

The forgotten story of how ordinary families managed financially in the Victorian era--and struggled to survive despite increasing national prosperity "A powerful story of social realities, pressures, and the fracturing of traditional structures."--Ruth Goodman, *Wall Street Journal* "Deeply researched and sensitive."--Simon Heffer, *Daily Telegraph*, "Best History Books of 2020" Nineteenth century Britain saw remarkable economic growth and a rise in real wages. But not everyone shared in the nation's wealth. Unable to earn a sufficient income themselves, working-class women were reliant on the 'breadwinner wage' of their husbands. When income failed, or was denied or squandered by errant men, families could be plunged into desperate poverty from which there was no escape. Emma Griffin unlocks the homes of Victorian England to examine the lives - and finances - of the people who lived there. Drawing on over 600 working-class autobiographies, including more than 200 written by women, *Bread Winner* changes our understanding of daily life in Victorian Britain.

Political unrest shakes the foundations of a war-torn country—and of the McCallum family as they fight for their faith in the *Secret of the Rose* series. Many years after their daring escape from a divided Germany, Sabina and Matthew McCallum return with their son, Tad, to attend a conference on preaching the gospel of Christ in a country still scarred by the Cold War. What they discover is troubling. Western Christianity, while well intentioned, is not filling the unique needs of Christians in the East. And even though the Cold War is over, political strife is bubbling just below the surface, and Sabina and Matthew become entangled in a Communist plot to seize control of Eastern Europe. Once again, the couple must call upon their instinctive talent for survival—and their deep faith in God's protection—to save their family.

“ Enlightening, compassionate, superb ” —John Le Carr é Winner of the 2018 Cundhill History Prize A New York Times Book Review Notable Book of 2017 One of the New York Times 100 Notable Books of 2017 A visionary exploration of the life and times of Joseph Conrad, his turbulent age of globalization and our own, from one of the most exciting young historians writing today Migration, terrorism, the tensions between global capitalism and nationalism, and a communications revolution: these forces shaped Joseph Conrad ' s destiny at the dawn of the twentieth century. In this brilliant new interpretation of one of the great voices in modern literature, Maya Jasanoff reveals Conrad as a prophet of globalization. As an immigrant from Poland to England, and in travels from Malaya to Congo to the Caribbean, Conrad navigated an interconnected world, and captured it in a literary oeuvre of extraordinary depth. His life story delivers a history of globalization from the inside out, and reflects powerfully on the aspirations and challenges of the modern world. Joseph Conrad was born J ó zef Teodor Konrad Korzeniowski in 1857, to Polish parents in the Russian Empire. At sixteen he left the landlocked heart of Europe to become a sailor, and for the next twenty years travelled the world ' s oceans before settling permanently in England as an author. He saw the surging, competitive "new imperialism" that planted a flag in almost every populated part of the globe. He got a close look, too, at the places “ beyond the end of telegraph cables and mail-boat lines, ” and the hypocrisy of the west ' s most cherished ideals. In a compelling blend of history, biography, and travelogue, Maya Jasanoff follows Conrad ' s routes and the stories of his four greatest works—The Secret Agent, Lord Jim, Heart of Darkness, and Nostromo. Genre-bending, intellectually thrilling, and

A global history of the post-Revolutionary War exodus of 60,000 Americans loyal to the British Empire to such regions as Canada, India and Sierra Leone traces the experiences of specific individuals while challenging popular conceptions about the founding of the United States. Reprint.

A "thought-provoking, meticulously researched" testament to evangelical Christians' crucial contribution to American independence and a timely appeal for the same spiritual vitality today (*Washington Times*). At the dawn of the Revolutionary War, America was already a nation of diverse faiths—the First Great Awakening and Enlightenment concepts such as deism and atheism had endowed the colonists with varying and often opposed religious beliefs. Despite their differences, however, Americans found common ground against British tyranny and formed an alliance that would power the American Revolution. In *God of Liberty*, historian Thomas S. Kidd offers the first comprehensive account of religion's role during this transformative period and how it gave form to our nation and sustained it through its tumultuous birth -- and how it can be a force within our country during times of transition today.
