Lucifer's Hammer - Wikipedia

Lucifer's Hammer Classic disaster format. Not Sci-Fi. A diverse cast of well drawn characters; an enormous asteroid on a collision course with earth; a devastating impact; the fragmentation of society in the aftermath, all described in nail biting tense detail; some really good science content but above all, a great read.

Lucifer's Hammer isn't just a book about a comet. Lucifer's Hammer is a full-on 1970s disaster film, full of polyester flared slacks and unfortunate hair. All the peril and pathos of an epic apocalyptic masterpiece, set around the Hollywood normal lives of strangely familiar characters dramatically ripped asunder and the epic levels they go to for survival.

Lucifer's Hammer by Larry Niven - Goodreads

I was 14 years old when I read Lucifer's Hammer, the post-apocalyptic novel by Larry Niven and Jerry Pournelle about a comet hitting the Earth. It's pretty standard end-of-the-world fare, with mile-high tsunamis and volcanos emerging from earthquakes and billions dead and an intrepid community of surviving scientists/libertarians defeating the cannibal, faux-religious, statist army-remaindered horde that attacks without warning or honor.
