There are scientific evidences, anecdotes and life stories of successful psychologists and psychiatrists in this book. Its also something that can be a light-read. The approach of Mr. Godbole to write a book on such a serious subject in a way that it can be understood by everyone and moreover First of all, other than Freud's Psychological research, this was my first book that I read on Psychology.

Omkar Kulkarni. It's a typical 'Achyut Godbole' book. It is very comprehensive. Like every other book, it also starts with the very origin of psychology and ends with its current status. It is very informative for a beginner in psychology. Also I haven't heard of any other marathi book sharing a parallel path.
