The MOTD Annual was conceived two years ago by one-man band Terry Pratt, a former publisher of current football annual market-leader Match. With the Match Annual starting to look tired, but still hitting sales of 250,000, Terry spotted an open goal. He drafted in old colleague and former Match managing editor Chris Hunt, and together they ...

Microsoft Excel continues to grow in power, sophistication, and capability, but one thing that has changed very little since the early '90s is its user interface. The once-simple toolbar has been packed with so many features over the years that few users know where to find them all. Microsoft has addressed this problem in Excel 2007 by radically redesigning the user interface with a tabbed toolbar that makes every feature easy to locate and use. Unfortunately, Microsoft's documentation is as scant as ever, so even if users can find advanced features, they probably won't know what to do with them. Excel 2007: The Missing Manual covers the entire gamut of how to build spreadsheets, add and format

Football Magazine Annual information, print reports, create charts and graphics, and use basic formulas and functions. Like its siblings in the Missing Manual series, this book crackles with a fine sense of humor and refreshing objectivity about its subject, guiding readers through the new Excel with clear explanations, step-by-step instructions, lots of illustrations, and friendly, time-saving advice. It's a perfect primer for small businesses with no techie to turn to, as well as those who want to organize household and office information.

physical activity and specifically exercise, and the challenges we face in engaging older adults in optimal amounts and intensities of activity. The authors...have done a remarkable job of highlighting practical ways to share information that is known to be effective from research trials and clinical practice.” -Kathleen Mangione, PhD, PT, GCS From the Foreword The 36th Annual Review of Gerontology and Geriatrics is replete with state-of-the-art scholarship along with a cornucopia of research-based and innovative strategies for optimizing function in older adults through exercise and physical activity. Chapters address salient clinical, programmatic, and policy considerations related to implementation and dissemination of exercise programs across a variety of settings. An international cadre of expert

nurses, physicians, physical therapists, and exercise physiologists, among other health care professionals, also focus on what is known about specific exercises for older adults—including benefit versus harm associated with each--and provide recommendations for their practical use. The book addresses public policy related to exercise and how policy affects physical activity among older adults. It considers evidence linking physical activity to positive outcomes along with practical issues such as pre-exercise screening and risk stratification. Chapters cover aerobic, resistance, balance, and stretching exercises, along with recommendations for individuals suffering from specific diseases such as arthritis or dementia. Also addressed is physical activity as a determinant of health, and cross-setting

approaches to increase function and physical activity. Of particular value is the attention given to the challenges of actually getting individuals to partake in exercise recommendations along with solutions on how to overcome these challenges. With a focus on helping adults to “be active in their own way,” the authors share positive approaches to motivating and educating this population. Key Features: Presents state-of-the-art scholarship regarding ways to promote physical activity among older adults Written by national and international experts Focuses on aerobic, resistance, balance, and stretching exercises along with recommendations for people with impairments Describes real world applications across multiple disciplines and settings Offers strategies for overcoming resistance to exercise

Congress enacted the Defense Production Act of 1950 (DPA) to ensure the availability of industrial resources to meet defense needs. Amendments to the Act allow its use for energy supply, emergency preparedness, and critical infrastructure protection and require agencies to report on foreign offsets, which are incentives to foreign governments to purchase U.S. goods and services. Congress directed a review of recent agency efforts to implement the DPA. This report: (1) examines the extent to which agencies use DPA authorities; and (2) assesses agencies' response to reporting requirements on the economic impact of foreign offsets. Includes recommendations. Charts and tables.

This is the twelfth in a series on EU Competition Law and Policy produced by the Robert Schuman Centre of the European University Institute in Florence. The volume reproduces the written contributions and transcripts in connection with a roundtable debate which examined the EU's enforcement policy as regards the abuse of a dominant position under Article 82 EC. The workshop participants included: senior enforcement officials and policy makers from the European Commission, from the national competition authorities of certain EU Member States and from the US

Department of Justice and Federal Trade Commission; and renowned international academics, legal practitioners and professional economists. In an intense, intimate environment, this group of experts debated a number of legal and economic issues structured according to three broad lines of discussion: 1) comparisons of the concept of monopolization under Section 2 of the Sherman Act with that of abuse of dominance under Article 82 EC; 2) a reformed approach to exclusionary unilateral conduct; and 3) exploitative unilateral conduct and related remedies.
