Of course, Magic is Magic

Magic - with or without a k
ending - is perceived as
largely European in origin
and practice. The Golden
Dawn, Aurum Solis, O.T.O
were European and even
AMORC, B.O.T.A., G.B.G. were
mostly European inspired. As
valid as these esoteric

widely available. What is

comes only through personal experience (otherwise known as ''self-initiation''). The essence of Magic is a simple formula based on the exercise of Will, Imagination, and Gnosis or Magical Trance. It is a ''technology'' and must be mastered like any technology through understanding and practice. Like playing the piano, it takes discipline to continue practicing basic exercises until it all becomes second nature and can function as an art as well. "And, what for? degrees with grand titles in a secret order. No, it is to transform and transmute your own self and thus to become more than you were, not merely to accelerate normal human evolution but to actually move beyond and be a co-creator. And to finally answer those questions: "Who am I? Where did I come from? Where am I going?" High Magic is an active program for self-discovery and Self-Realization. This book by a famed contemporary German magician self-instructs the student through a series of basic exercises and real magical practices that train the magician through a consistent program combined

with examples and explanations. Each step is thorough without extravagance; the program is effective and entirely self-directed (as must be all real learning); the book is encyclopedic in depth and inclusive even of chaos and cyber magic. Tables and Charts simplify the learning process. The system starts with immediate immersion in ritual practice starting with the Kabbalistic Cross and Lesser Banishing Ritual of the Pentagram and moves through beginning to advanced levels of Practical Sigil Magic, Ritual Magic, Elemental Magic, the Greater Ritual of the Pentagram,
