Jack Snyder identifies recurrent myths of
empire, describes the varieties of
overextension to which they lead, and
criticizes the traditional explanations
offered by historians and political
scientists. He tests three competing
theories?realism, misperception, and domestic
coalition politics?against five detailed case
studies: early twentieth-century Germany,
Japan in the interwar period, Great Britain
in the Victorian era, the Soviet Union after
World War II, and the United States during
