Robert Coles's incisive foreword heralds much of the feeling evoked here: shock, anger, disgust. Concentrating mostly on N.Y.C. (which has the largest need and the largest program for families), free-lancer Berck presents the results of 30+ interviews with children in highly effective sound-bites. Articulate, heartfelt first-person narration alternates with statistics, occasional poems created ...

"This work of photojournalism goes inside the system to offer an intimate, often disturbing view of children's experiences in juvenile detention. Steve Liss photographed and interviewed young detainees, their parents, and detention and probation officers in Laredo, Texas. His photographs reveal that these are vulnerable children - sometimes as young as ten - coping with a detention environment that most adults would find harsh. In the accompanying text, he brings in the voices of the young people who describe their already fractured lives and fragile dreams, as well as the words of their parents and juvenile justice workers who express frustration at not having more resources with which to help these kids."--BOOK JACKET.

The harshness of the Australian frontier is brought into vivid detail with this collection of diaries and letters from women living in the Outback. Their inspiring accounts, framed by contextual and biographical commentary, unveil the rawness, solitude, and intensity of the pioneer's existence. Full of passion, pleasure, pain, and loss, this anthology will both captivate and demystify the stereotypical ideas of bush life.

[[An unforgettable look at the peculiar horrors and humiliations involved in solitary confinement]] from the prisoners who have survived it (New York Review of Books). On any given day, the United States holds more than eighty-thousand people in solitary confinement, a punishment that[[beyond fifteen days]]has been denounced as a form of cruel and degrading treatment by the UN Special Rapporteur on Torture. Now, in a book that will add a startling new dimension to the debates around human rights and prison reform, former and current prisoners describe the devastating effects of isolation on their minds and bodies, the solidarity expressed between individuals who live side by side for years without ever meeting one another face to face, the ever-present specters of madness and suicide, and the struggle to maintain hope and humanity. As Chelsea Manning wrote from her own solitary confinement cell, [[The personal accounts by prisoners are some of the most disturbing that I have ever read.]] These firsthand accounts are supplemented by the writing of noted experts, exploring the psychological, legal, ethical, and political dimensions of solitary confinement. [[Do we really think it makes sense to lock so many people alone in tiny cells for twenty-three hours a day, for months, sometimes for years at a time? That is not going to make us safer. That's not going to make us stronger.]] [[President Barack Obama]]Elegant but harrowing.]] [[San Francisco Chronicle]]A potent cry of anguish from men and women buried way down in the hole.]] [[Kirkus Reviews

From the bestselling author of P.S. I LOVE YOU and LOVE, ROSIE, comes a tale of a woman who learns that sometimes it takes losing everything to truly find yourself... Since Sandy Shortt's childhood classmate disappeared twenty years ago, Sandy has been obsessed with missing things. Finding what is lost becomes her single-minded goal--from the lone sock that vanishes in the washing machine to the car keys she misplaced. It's no surprise, then, that Sandy's life's work becomes finding people who have vanished from their loved ones. Sandy's family is baffled and concerned by her increasing preoccupation. Her parents can't understand her compulsion, and she pushes them away further by losing herself in the work of tracking down these missing people. She gives up her life in order to offer a flicker of hope to devastated families...and escape the disappointments of her own. Jack Ruttle is one of those devastated people. It's been a year since his brother Donal vanished into thin air, and he has enlisted Sandy Shortt to find him. But before she is able to offer Jack the information he so desperately needs, Sandy goes missing too...and Jack now finds himself searching for his brother and the one woman who understood his pain. One minute Sandy is jogging through the park, the next, she can't figure out where she is. The path is obscured. Nothing is familiar. A clearing up ahead reveals a camp site, and it's there that Sandy discovers the impossible: she has inadvertently stumbled upon the place-- and people--she's been looking for all her life, a land where all the missing people go. A world away from her loved ones and the home she ran from for so long, Sandy soon resorts to her old habit again, searching. Though this time, she is desperately trying to find her way home...

In the decade following the housing crisis, Americans remain enthusiastic about the prospect of owning a home. Homeownership is a symbol of status attainment in the United States, and for many Americans, buying a home is the most important financial investment they will ever make. We are deeply committed to an ideology of homeownership that presents homeownership as a tool for building stronger communities and crafting better citizens. However, in No Place Like Home, Brian McCabe argues that such beliefs about the public benefits of homeownership are deeply mischaracterized. As owning a home has emerged as the most important way to build wealth in the United States, it has also reshaped the way citizens become involved in their communities. Rather than engaging as public-spirited stewards of civic life, McCabe demonstrates that homeowners often engage in their communities as a way to protect their property values. This involvement contributes to the politics of exclusion, and prevents particular citizens from gaining access to high-opportunity neighborhoods, thereby reinforcing patterns of residential segregation. A thorough analysis of the politics of homeownership, No Place Like Home prompts readers to reconsider the power of homeownership to strengthen citizenship and build better communities.

AN INSTANT NEW YORK TIMES BESTSELLER A READ WITH JENNA TODAY SHOW BOOK CLUB PICK! "Brave, fresh . . . unforgettable."--The New York Times Book Review "A celebration of girls who dare to dream."--Imbolo Mbue, author of Behold the Dreamers (Oprah's Book Club pick) Shortlisted for the Desmond Elliott Prize and recommended by The New York Times, Marie Claire, Vogue, Essence, PopSugar, Daily Mail, Electric Literature, Red, Stylist, Daily Kos, Library Journal, The Everygirl, and Read It Forward! The unforgettable, inspiring story of a teenage girl growing up in a rural Nigerian village who longs to get an education so that she can find her "louding voice" and speak up for herself, The Girl with the Louding Voice is a simultaneously heartbreaking and triumphant tale about the power of fighting for your dreams. Despite the seemingly insurmountable obstacles in her path, Adunni never loses sight of her goal of escaping the life of poverty she was born into so that she can build the future she chooses for herself - and help other girls like her do the same. Her spirited determination to find joy and hope in even the most difficult circumstances imaginable will "break your heart and then put it back together again" (Jenna Bush Hager on The Today Show) even as Adunni shows us how one courageous young girl can inspire us all to reach for our dreams...and maybe even change the world.

Fixing Elections is a refreshing blueprint to resurrect our founders' democratic vision by adopting common-sense changes already instituted in other democracies. It will change the way you think about American politics.

"The most humane account of partition I've read ... We need a candid conversation about our past and this is an essential" Nikesh Shukla, Observer "The book of 2019 that opened my eyes more than anything else. Seminal work, beautifully told" Emily Maitlis The division of the Indian subcontinent in 1947 into India and Pakistan saw millions uprooted and resulted in unspeakable violence. It happened far away, but it would shape modern Britain. Dotted across homes in Britain are people who were witnesses to one of the most tumultuous events of the twentieth century. But their memory of Partition has been shrouded in silence. In her eye-opening and timely work, Kavita Puri uncovers remarkable testimonies from former subjects of the Raj who are now British citizens -- including her father. Weaving a tapestry of human experience over seven decades, Puri reveals a secret history of ruptured families and friendships, extraordinary journeys and daring rescue missions that reverberates with compassion and loss. It is a work that breaks the silence and confronts the difficult truths at the heart of Britain's shared past with South Asia.

A behind-the-scenes look at some of the less favorable aspects of today's surveillance-based society discusses how the government and private marketing companies are using modern technology to protect homeland security and fight the war on terror at the expense of personal privacy and civil liberties.
