Northstar (band) - Wikipedia

Polaris, designated α Ursae Minoris, commonly the North Star or Pole Star, is the brightest star in the constellation of Ursa Minor. It is very close to the north celestial pole, making it the current northern pole star. The revised Hipparcos parallax gives a distance to Polaris of about 433 light-years, while calculations by other methods derive distances around 30% closer. Polaris is a triple star system, composed of the primary star, Polaris Aa, in orbit with a smaller companion; the pair in

North Star Country explores country stores and county fairs, labor unions and dusty roads traveled by peddlers and truck drivers, and farms where families toil. Written in 1945 by acclaimed activist and writer Meridel Le Sueur, this unconventional history shines an uncommon light on the lives of ordinary people in the Upper Midwest.
