The chronology of the Bible is an elaborate system of lifespans, 'generations', and other means by which the passage of events is measured, beginning with the Genesis creation narrative. A widespread scholarly understanding is that this marks out a world cycle of 4,000 years, ending, presumably, around 164 BCE. It was theological in intent, not historical in the modern sense. It also functions as an implied prophecy, whose key lies in the identification of the final event. The passage of time is
