interdisciplinary cross content journey entitled, *Creating Art Through the Ages*. Each book provides experiences in language arts, social studies, math and art as the students investigate ancient and modern civilizations. “Discovery and Knowledge”, explores the ancient Roman civilization, the Middle Ages and Renaissance. Explorers set sail to discover land, treasures, raw materials and knowledge on behalf of their mother country and religion. The development of the printing press enabled the disbursement of knowledge through books. Discovery and the pursuit of knowledge is the underlying theme during this era. In this book, it is reimagined for students with experiences through stories, interactive role-playing activities, and art projects.

This comprehensive, 8.5" x 11" curriculum guide and activity book contains map activities, coloring pages, games, projects, review questions, cross-references to illustrated encyclopedias, and extensive book lists. Children and parents love the activities, ranging from cooking projects to crafts, board games to science experiments, and puzzles to projects. Each Activity Book provides a full year of history study when combined with the Textbook, Audiobook, and Tests—each available separately to accompany each volume of Activity Book.
