People-Centric Skills by Goldberg, Danny M. (ebook)

People-Centric Skills, co-authored by Danny M. Goldberg, was initially published in 2014 as the first publication to tackle the wide-ranging topic of communication skills for internal auditors. Due to its popularity, People-Centric Skills, 2nd Edition, will tackle the next-level of communication skills.

People-Centric Skills: Interpersonal and Communication ...

Use your interpersonal and communication skills as a financial professional to work successfully with clients Embark on a journey to further develop your career when you read People-Centric Skills: Interpersonal and Communication Skills for Financial Professionals, 2nd Edition. Business leaders consider employee communication skills and critical thinking abilities as essential elements for success. In their work, all professionals must communicate clearly and rely on their interpersonal skills to be successful. This second edition of People-Centric Skills shares the fictional story of Dalton Zimmer, executive coach and public speaker. Dalton, all the while juggling his business, kids and social life, provides coaching and communication strategies for handling challenging situations faced by his clients. This insightful narrative will help you expand communication and soft skills as a CPA, auditor, financial planner or other financial professional. As Generation Z is entering the work force, the communication gap between Z and Boomers or Generation X is widening significantly. New to the second edition, you'll find a discussion of communication between generations and how to bridge them as a financial professional. You can be a more people-centric leader as you engage with a wide range of clients and associates. This book can be a first step to improving interpersonal and communication skills as you continue to develop in your career.

Business Professionals, to be Truly Effective and Advance in their Careers, Must Master their People-Centric Skills. People-Centric Skills: Interpersonal and Communication Skills for Auditors and Business Professionals is a comprehensive guide to the "soft skills" that make technical professionals more effective. People-Centric Skills aim to improve all aspects of personal interactions, relationship development, and communication. These skills are as essential to success as are technical capabilities. This is the story of a leading internal audit department taking that next step to becoming a world-class audit organization in a fictional company. The foundation of that next step is developing their People-Centric Skills. The book demonstrates the impact that interpersonal and communication skills – whether good or bad – have on an auditor's effectiveness, job, and career. Readers will be able to empathize with the characters, and relate to the real-life situations in which they find themselves. Each chapter features a summary of key People-Centric points and guidelines that will help readers apply what they've learned to their own projects and departments. In a 2013 study sponsored by the Institute of Internal Auditors ("IIA"), the seven key attribute areas identified to be a successful auditor include relationship building, partnering, communications, teamwork, diversity, continuous learning and integrity. Unfortunately, most professionals never obtain these skills as part of their college degrees, certifications and other ongoing training. They are left to their own devices when it comes to developing these talents. The book follows an easy-to-read fictional narrative to highlight areas for improvement, and uses common scenarios to illustrate how to apply the lessons. People-Centric Skills: Interpersonal and Communication Skills for Auditors and Business Professionals focuses on many of these critical attributes. Topics include: Conflict Management Coaching and Mentoring Building an Effective Team and Team Dynamics Team Leadership Partnering and Relationship Building Effective Meeting Practices Brainstorming and Multivoicing Assessing Corporate Culture Active Listening Non-verbal Communications Consensus Building These skills apply not only to internal auditors but also transfer across a broad range of business professions and industries, and from professional to personal life. They open doors, establish effective relationships, improve effectiveness, and can turn a "no" into a "yes." They are the true differentiator in advancing a career. For an auditor to be truly effective, great people skills are one of the most important tools in the box. People-Centric Skills: Interpersonal and Communication Skills for Auditors and Business Professionals is a straightforward guide to getting along, getting what you want in a constructive manner, and becoming a world-class professional.

ICOMM: Interpersonal Concepts and Competencies, provides an integrated approach to the study of interpersonal communication. This accessibly written but authoritative text emphasizes the development of communication competencies, including skills, understanding of the theory and research that contextualizes the skills to make them relevant to learning, and the motivation to put the skills into practice. While incorporating many traditional intrapersonal and interpersonal topics found in current texts, the book is distinctive in that it offers a skills-based approach that is grounded in solid theory and research. Students will find that the text is written in a personal and friendly manner, stressing concepts, skills, and applications that should be an important part of their daily lives.

"This book is a collection of work to assist any professional who needs to deal with ethical issues, write up a technical project, give or develop a presentation, or write material for an online audience"--Provided by publisher.

"Inter-Act" has long been a leading text in the interpersonal communications market. For the 10th edition of the text, the Verderbers continue to present readers with a strong framework of communication skills, supported by conclusions drawn from contemporary research and theoretical work done by scholars working in the field. Real-life examples and scenarios bring the skills and concepts presented to life. This balanced text should help students to develop an effective interpersonal communication style.

In the middle of the last decade, businesses have suffered serious harm due to the world-wide economic slowdown/great recession, geopolitical tensions and conflicts, and the very unpredictable nature of our government. In the process of staying the course, many business leaders have made a number of decisions and have taken a number of actions that have done harm to their relationships with their own employees. The resultant psychological contract told employees that their leaders were in it for themselves, for owners and stockholders, for positive reports from Wall Street, for their customer base ... for every stakeholder group other than the people who work there. This book offers a road map for creating a more engaged, committed workforce by adopting and maintaining a People-Centric culture. After describing why commitment and engagement are so important today, the author speaks to how mindsets that reflect an older business reality need to change before any sustainable change in behavior and work culture can occur. This book underscores the role that leaders need to play by embracing 10 Simple Truths that underlie long-term, sustainable business success. Some argue that we may be approaching the next recession, and it is in those down times that businesses will need their people most. Now is the time for leaders to proactively start earning that support and turn their people into their partners rather than just their hired hands. With a case study that describes a true People-Centric leader and that demonstrates what it takes to lead a culture change, this book is a call to action for leaders everywhere to (a) become a People-Centric leader, (b) earn the right to lead others toward this end, and (c) align their company culture with the mindset and capabilities needed to produce and sustain long-term business success. If you are not getting the best from your people, read this book with the goal of turning that around. You will find it to be a good blueprint for leaders who attempt to create a more People-Centric culture.

People-Centric Skills: Interpersonal and Communication ...

Communicating clearly is a critical skill for successful managers! The ability to communicate clearly is the critical core competency for successful managers at all levels and in all industries. This book is your guide to business communication that delivers the message—whether written, or spoken, in person or via e-mail—with respect for the receiver, and in all business situations. This solid overview of all facets of business communication offers numerous opportunities to practice and apply your new skills and a log to track your improvement. Readers will learn how to: • Communicate clearly and correctly to avoid misunderstanding and get your message across • Develop and use your listening skills to solve problems, diffuse conflict, teach staff, and be a more productive manager or team leader • Ask the right type of question to elicit information, encourage a response, or create a relationship • Master the techniques of successful presentations from planning to delivery • Analyze your audience before communicating your ideas in any format • Choose the most appropriate mode for communicating your message • Use effective language to express your ideas clearly in well-constructed letters, proposals, memos, and e-mail. This is an ebook version of the AMA Self-Study course. If you want to take the course for credit you need to either purchase a hard copy of the course through amaselfstudy.org or purchase an online version of the course through www.flexstudy.com.

Ultimately, people follow people that they like, trust, and believe in. Understand how to build stronger relationships with direct and indirect reports that lead to loyalty, higher productivity, and long-term development. Practical lessons help managers employ winning interpersonal skills to move others to take action.
