Planning ahead is important for us all, not just people who are dying. It makes a huge difference for loved ones, relatives and friends and can help you know that the ones you love will be looked after when you are gone. It means thinking and talking about how you wish to be cared for in the final months of your life.

Planning ahead | Dying Matters

Planning for Your Own Death – Legal Affairs Addressing legal and financial issues associated with dying is important for several reasons. First, you can specify, in advance, how your hard-earned assets are to be distributed after your death.

Planning for Your Own Death – Legal Affairs

In palliative care we aim to provide good symptom control and ultimately a good death. Patients and their families need time to prepare for death. Sometimes acute situations arise that can interfere with this process, leading to a distressing and undignified end. Decision making in emergency situations is difficult.

Planning for a good death: responding to unexpected events

Unless a person has died in hospital or outside the home, confirmation of death is the first major practical issue to be addressed following a suspected death. When a person dies in hospital, medical staff will be available to confirm the death and sign the certificate recording the causes of death and events will proceed from there.

Care after death: management issues — part one | Croner-i

Planning ahead like this is sometimes called advance care planning. It involves thinking and talking about your wishes for how you're cared for in the final months of your life and when you're dying. This is in case there's a time in the future when you're unable to take part in the discussions and decision-making yourself.

Why plan ahead? - NHS

Planning before death can address many of the issues that arise after a parent dies. Perhaps the most important action a parent can take is to have a will that specifies which sibling receives what...
