Protagoras is a dialogue by Plato. The traditional subtitle is "or the Sophists". The main argument is between Socrates and the elderly Protagoras, a celebrated sophist and philosopher. The discussion takes place at the home of Callias, who is host to Protagoras while he is in town, and concerns the nature of sophists, the unity and the teachability of virtue. A total of twenty-one people are named as present.

Protagoras (dialogue) - Wikipedia

The Protagoras is a strangely disjointed text. On a first reading, the different sections of the dialogue may seem to have little to do with each other. In fact, connections do exist between these apparently disparate parts, although they tend not to be on the level of narrative, explicit argumentative theme, or literary style.

inventing the role of the professional sophist. Protagoras also is believed to have created a major controversy during ancient times through his statement that, "Man is the measure of all things", interpreted by Plato to mean that there is no objective truth. Whatever individuals deem to be the truth is true. Although there is reason to question the
