D Vader at PlayStation LifeStyle writes "Got the YLOD on Thursday. I 'reflowed' the mothoerboard as this guide said, worked like a charm. Wasn't as hard getting the PS3 back together as I thought it would be. I was pretty impressed with the modular design of the innards. The fan is HUGE, but larger fans can spin slower and thus are quieter."

Wooden buildings housed the majority of Swedish urban populations during the early modern era, but many of these buildings have disappeared as the result of fire, demolition, and modernisation. This book reveals the fundamental role played by the wooden house in the formation of urban Sweden and Swedish history.

The Video Games Textbook takes the history of video games to another level, with visually-stimulating, comprehensive, and chronological chapters that are relevant and easy to read for a variety of students. Every chapter is a journey into a different era or area of gaming, where readers emerge with a strong sense of how video games evolved, why they succeeded or failed, and the impact they had on the industry and human culture. Written to capture the attention and interest of both domestic and international college students, each chapter contains a list of objectives and key terms, illustrative timelines, arcade summaries, images and technical specifications of all major consoles.

Offers a collection of true facts about animals, food, science, pop culture, outer space, geography, and weather.

Natalie Shapero spars with apathy, nihilism, and mortality, while engaging the rich territory of the 30s and new motherhood
