Dr. Rajan Sankaran wrapped up the interview on a high and hopeful note. As homeopaths, we are in the business of exploring and expanding our frontiers. We are light years ahead of the mechanistic medicine that goes by the idea that the body is the sum total of all its parts.

Discover the " inner song " that triggers your ailments and underlies your fundamental nature and response to stress • Reveals the 7 levels of experience and how to apply them to reach the core experience behind our physical and mental symptoms • Explains how to decode the ways we describe our pain and emotions to determine what animal, plant, or mineral is " singing " within • Shows how awareness of the " inner song " can reduce its negative impact on our emotions, dreams, ambitions, careers, and relationships The most important development in homeopathy since its discovery in the late 18th century by Dr. Samuel Hahnemann, the Sensation Method of diagnosis developed by Dr. Rajan Sankaran explains that our experience and perceptions of life ' s stresses are shaped by an inner pattern, or " song, " connected to one of the three kingdoms in nature—animal, plant, or mineral. Revealing itself as a constant underlying sensation felt in both the mind and the body and expressed through illness and chronic ailments, this inner song of reoccurring reactive patterns—be it that of a competitive lion, a sensitive daisy, or structured phosphorus—drives our emotions, dreams, ambitions, careers, and relationships and is the underlying factor behind why stress affects each of us so differently. Explaining that there are 7 levels to our experiences, Dr. Sankaran provides techniques to decode the words and gestures we use to describe our pain, emotions, and health conditions, allowing us to probe deeper into our experiences of stress and illness to determine what animal, plant, or mineral is "singing " within us. Showing how this core identity can be used by homeopathic physicians to treat our problems at their source, he reveals how becoming aware of our inner song can reduce the intensity of its negative effects, leading to less stress, better health, and more harmony in our lives.

In this book, Dr Rajan Sankaran explores why a single pattern repeats itself through every sphere of an individual ' s life, despite every effort to change it. Using the Sensation Method of diagnosis, Dr Sankaran explains that an individual ' s perception of stress is shaped by an inner pattern, or song, which is connected to one of the three kingdoms in nature—animal, plant or mineral. This fundamental identification can be used by homeopaths to cure ailments at their root. Insightful, approachable and lucid, Natural Kingdoms demonstrates how awareness of your inner song can reduce stress, and bring about better health and harmony in your life.

The Vital Sensation Manual is a series of five units for homeopaths to learn how to apply and take homeopathic cases using the Sensation Method. The manual is an interesting read for non-homeopaths but is not meant to be used by lay-people who are not formally trained in homeopathy. This first unit focusses on casetaking using the Sensation Method. The in-depth course provides a comprehensive understanding of the methods used to prescribe and treat patients homeopathically based on Dr. Rajan Sankaran's theories, research, teaching and practice. The Sensation Method developed by the Bombay Group led by Dr. Rajan Sankaran improves your self confidence because there are clear indications of how to follow the case and to narrow the prescriptions. Easy To Understand, Logical, Many Examples, Understand The Principles And Apply Them... The manual explains where you are when taking a case, and how to use a mapping system when using this approach: Begin with the chief complaint Discover the Vital Sensation (where the mind and body connect) Follow the various levels (going beyond the level of Delusion to the levels of Sensation and Energy where the qualities of the substance are described by the patient) Differentiate the four kingdoms—Mineral, Plant, Animal and Imponderable Apply the tools of miasms Make an accurate prescription based on Source and Sensation language and confirmed through traditional methods of the repertory and Materia Medica when available The manual includes Melissa Burch's paper cases edited for easy reading and with comments specific to the topic of the unit. All the information in the manual is founded on the principles of Classical Homeopathy and the work of Dr. Samuel Hahnemann. Based on Dr. Rajan Sankaran's ideas, cases and previously published materials by Melissa Burch, CCH and Susana Aikin, CCH
