to unrestricted,
online access to
the published
findings of
research. It
aims to make the
findings of
academic
research
available
electronically,
immediately,
without charge
and free from

Online Library Research Open

most copyright
or licensing
restrictions.

And Analysis Of

Open access

research -

Research England

Open access

refers to

research outputs

that are

available online

and free at the

point of access,

Online Library Research Open

without barriers

such as

subscription or

registration. As

a researcher you

will need to

ensure your

compliance with

multiple open

access policies

including the

NTU Publications

Policy, the open

access policy

#VitaeChat: Open

Access and Open

Research – Vitae

Website

Open access (OA)

means making

research

publications

freely available

so anyone can

Online Library Research Open

Access from
reading and
using research.
Open access can
be more than
making research
available to
read, but also
allowing others
to re-use that
research. For
example,
allowing the
content to be

Online Library Research Open

Accessed using
text mining¹ or
reused for
commercial
purposes.

An introduction
