RINA Rules and Publications
 As part of its history and tradition, ship classification is one of the core businesses of RINA. In addition to its consolidated ties to the recreational craft sector, RINA UK offers a wide range of integrated services to numerous partners: from cruise ships and ro-ro to container ships, from bulk carriers to the entire offshore segment. Its application of international standards, as well as the consolidated professionalism of RINA UK, is recognized by one hundred flag maritime administrations.

Classification
 Marine. Ship classification has been at the core of the RINA business since its inception. Today, this business sector represents 26% of the RINA’s turnover, making it one of the top ranking marine classification societies in the world. RINA is a founding member of the International Association of Classification Societies (IACS), formed in 1968. The RINA fleet is recognized by approximately 116 international flag authorities.
