Discourse on the Origin and Basis of Inequality Among Men, also commonly known as the "Second Discourse", is a 1755 work by philosopher Jean-Jacques Rousseau. Rousseau first exposes in this work his conception of a human state of nature, broadly believed to be a hypothetical thought exercise and of human perfectibility, an early idea of progress. He then explains the way in which, in his view, people may have established civil society, and this leads him to conclude that private property is the

Discourse on Inequality - Wikipedia

Rousseau talks about two kinds of freedom, the freedom to act and the freedom to enjoy the fruits of action, both of which serve the goal of the preservation of life. The freedom to act is called "free will"; it differentiates men from animals and is directed by one's desires.
