[Chapter Summaries - A Sand County Almanac](#)

A Sand County Almanac is divided into four sections. As a project, it began simply as the first section, the Almanac, but after Leopold 's early death, his family collected many of his other essays and compiled them into this book. The first part of A Sand County Almanac is the eponymous almanac. In it Leopold records observations of the landscape on his Wisconsin farm each month, beginning in January and ending in December.

Summary. Aldo Leopold, thought of as the father of wildlife conservation, is best known as the author of the 1949 book A Sand County Almanac. Leopold articulates an unprecedented idea called "land ethic" which upholds the right of the soils, waters, animals, and plants to a life in a natural state. While it does not prevent the misuse of these resources, it does assert that the ecosystem only works as a whole, and all components of it are equally important.
