Seerat -un- Nabi Sallallahu Alaihi Wasallam - URDU - By Shaykh Shibli Nomani (r.a) & Shaykh Syed Sulaiman Nadvi (r.a) by Shaykh Shibli Nomani (r.a) & Shaykh Syed Sulaiman Nadvi (r.a) | 1 Jan 1901 Paperback

Turkey, Egypt, and Syria: A Travelogue vividly captures the experiences of prominent Indian intellectual and scholar Shibli Nu'mani (1857–1914) as he journeyed across the Ottoman Empire and Egypt in 1892. A professor of Arabic and Persian at the Mohammedan Anglo-Oriental (MAO) College at Aligarh, Nu'mani took a six-month leave from teaching to travel to the Ottoman Empire in search of rare printed works and manuscripts to use as sources for a series of biographies on major figures in Islamic history. Along the way, he collected information on schools, curricula, publishers, and newspapers, presenting a unique portrait of imperial culture at a transformative moment in the history of the Middle East. Nu'mani records sketches and anecdotes that offer rare glimpses of intellectual networks, religious festivals, visual and literary culture, and everyday life in the Ottoman Empire and Egypt. First published in 1894, the travelogue has since become a classic of Urdu travel writing and has been immensely influential in the intellectual and political history of South Asia. This translation, the first into English, includes contemporary reviews of the travelogue, letters written by the author during his travels, and serialized newspaper reports about the journey, and is deeply enriched for readers and students by the translator's copious multilingual glosses and annotations. Nu'mani's chronicle offers unique insight into broader processes of historical change in this part of the world while also providing a rare glimpse of intellectual engagement and exchange across the porous borders of empire.

This book portrays one of the most significant personalities in the history of Islam. Taking the misunderstandings and defamation about her into consideration, Aisha needs to be understood correctly. This study by Dr Resit Haylamaz, an expert on the life of the Prophet and his leading Companions, reflects her life in various aspects based on reliable reports. The book clarifies her critical role at establishing the Islamic teaching, with particular reference to her role in the transmission of private matters concerning women and marital relations, as well as recording the authentic sayings of the Prophet. As her sensitivity at practicing religion is related in a rich variety of examples, much disputed issues like her marriage age and her stance about Ali ibn Abi Talib are covered as separate topics.

A popular edition of an account of the life of the Prophet of Islam described as the most influential man in the history of the world. An orphan beckoned to the Call, persecuted by neighbors, driven from his home with a price tag on his head, quickly establishing a strong community of believers ready to die for his teachings and finally returning triumphantly only to forgive his tormentors. This biography does not merely recount the major events and turning points of Muhammad's life but helps the reader draw a code for himself from the many walks of life through which Muhammad traversed. No one can afford to read this detailed and fascinating account and not be influenced by it. Yet, Muhammad's life has always been an open book pieced together by followers who observed everything he did. This book certainly opens up this life in a wonderful manner.

An epic saga of love and war, Shadow of the Swords tells the story of the Crusades—from the Muslim perspective. Saladin, a Muslim sultan, finds himself pitted against King Richard the Lionheart as Islam and Christianity clash against each other, launching a conflict that still echoes today. In the midst of a brutal and unforgiving war, Saladin finds forbidden love in the arms of Miriam, a beautiful Jewish girl with a tragic past. But when King Richard captures Miriam, the two most powerful men on Earth must face each other in a personal battle that will determine the future of the woman they both love—and of all civilization. Richly imagined, deftly plotted, and highly entertaining, Shadow of the Swords is a remarkable story that will stay with readers long after the final page has been turned.

"Islam has been one of the most powerful religious, social, and political forces in history. Over the last 1400 years, from origins in Arabia, a succession of Muslim polities and later empires expanded to control territories and peoples that ultimately stretched from southern France, to East Africa to South East

Asia. Yet many of the contributions of Muslim thinkers, scientists, and theologians, not to mention rulers, statesmen and soldiers, have been occluded. This book rescues from oblivion and neglect some of these personalities and institutions while offering the reader a new narrative of this lost Islamic history. The Umayyads, Abbasids, and Ottomans feature in the story, as do Muslim Spain, the savannah kingdoms of West Africa and the Mughal Empire, along with the later European colonisation of Muslim lands and the development of modern nation-states in the Muslim world. Throughout, the impact of Islamic belief on scientific advancement, social structures, and cultural development is given due prominence, and the text is complemented by portraits of key personalities, inventions and little known historical nuggets. The history of Islam and of the world's Muslims brings together diverse peoples, geographies, and states, all interwoven into one narrative that begins with Muhammad and continues to this day."--P. [4] of cover.
