Sex, lies, and insurance fraud. Freelance insurance investigator Nick Kepler has a sweet gig. Scoring office space and secretarial help from his former employer, they send him three cases that look like softballs - a dubious life insurance case meant more to save the underwriter than any company money, a worker comp cheat, and a referral to a politician's wife with suspicions. What he does not expect is how they all tie together. When the connection becomes apparent, Kepler finds himself suspecting there is more to

this than a cheating spouse and an ill-timed heart attack. He soon finds himself entangled in a web of sexual deviance, fraud, and even a decades-old murder, all uncomfortably close to Cleveland's elite.

"A behind-the-scenes look at the desperate, scandalous private life of a British member of Parliament and champion manipulator, and the history-making trial that exposed his dirty secrets to the world. As a member of Parliament and leader of the Liberal Party in the 1960s and 70s, Jeremy Thorpe's bad behavior snuck under the radar for years. Police and politicians alike colluded to protect one of their own. At the start of the 1970s, Thorpe was the most popular and charismatic politician in the country, poised to hold the balance of power in a coalition government. But Jeremy Thorpe was a man with a secret. His homosexual affairs and harassment of past partners--as well as his propensity for lying and embezzlement--only escalated as he evaded punishment. Until a dark night on the moor with an ex-lover, a dog, and a hired gun led to consequences that even his charm and power couldn't help him escape. Thorpe's climactic trial at the Old Bailey in London was immediately dubbed the 'Trial of the Century.' It was the first time that a leading British politician had stood trial on a murder charge. It was the first time that a murder plot had been hatched in

the House of Commons. And it was the first time that a prominent public figure had been exposed as a philandering gay man, in an era when homosexuality had only just become legal. By the time the trial was over, Britain would never be the same again. With the pacing and drama of a thriller, *A Very English Scandal* is an extraordinary story of hypocrisy, deceit and betrayal at the heart of the British establishment"--

Triathletes are a unique breed. Amateur triathlete and humorist Leib Dodell has been living among them for years, often chronicling their foibles and eccentricities in the pages of *Inside Triathlon* magazine. Whether you are a beginning triathlete, a battle-tested age-grouper, or an elite competitor, the hilarious stories and anecdotes in *Sex, Lies and Triathlon* perfectly capture the triathlon lifestyle. Or maybe you've never even considered doing a race, but there's a triathlete in your life somewhere - a relative, colleague, boyfriend or girlfriend, or (God help you) a spouse. *Sex, Lies and Triathlon* will give you a wickedly funny, if somewhat frightening, glimpse into their world. Here are a few examples: On training workouts: "Basically, a good hard workout is like the exact opposite of casual sex: You always dread it beforehand, but afterwards you're always really glad you did it." On warming up before a race: "I generally consider it a successful warm-up if I can find a reasonably clean bathroom with toilet paper and a door that closes - and that's just in my apartment." On winning the "lottery" to compete in the Hawaii Ironman: "Competing in the Ironman is hardly the kind of windfall one normally associates with winning a lottery. It's like getting a letter in the mail that says, in giant 24-point type, 'CONGRATULATIONS! YOU MAY HAVE ALREADY WON 12 HOURS OF EXCRUCIATING MISERY AND PAIN!!'"

Despite well documented health risks, young women are still drawn to the act of smoking and continue to smoke at an alarming rate. A century ago, women were vocal leaders of campaigns against tobacco across North America. In *Sex, Lies, and Cigarettes*, Sharon Anne Cook explores the history of the paradoxical relationship between women and the cigarette, in a sensitive and lively description of the many different meanings that smoking has held for women. Focusing on the social context of smoking, Cook explores its allure for elite, middle-class, working, and marginalized women from the late-nineteenth to the early twenty-first centuries. She argues that smoking's attraction is rooted in women's changing identity formation and in strategies for empowerment, an idea enriched through extensive analysis of visual culture. It is in these images (yearbooks, posters, photographic collages, print advertisements, billboards, movies) but also in the act of smoking itself, that women harnessed the power of the visual. Smoking remains a powerful way for women to express themselves and is closely connected to the processes of modernity, sexualization, and commodification of desire. Textual documents (newspapers, magazine features, textbooks,

teachers' guides) and oral testimony are also explored to show how dominant discourses of smoking, sexuality, and health have shaped women's experiences and how women have moulded these discourses themselves. The first comprehensive study of women and smoking in Canada, *Sex, Lies, and Cigarettes* creates a rich portrait of the cultural factors that have resulted in over a century of women smokers.

Sex, Lies, and Rabbis: Breaking a Sacred Trust by Charlotte Rolnick Schwab, Ph.D. is a powerful book, a combination of memoir and nonfiction, about what happens when clergy, specifically, rabbis, are deified. It is about the betrayal and the cover up of the betrayal of teen aged girls and women by male rabbis, and thereby, the betrayal of these rabbis wives, families, congregations, communities, denominations, and all Judaism. Two murders are connected to rabbis sexual abuse. One rabbi is awaiting retrial for allegedly hiring a hit man to murder his wife because of his sexual misconduct. This author writes about her own frightening, shocking experience as the wife of a rabbi-perpetrator of sexual abuse of other women, his violence toward her, and threat to kill her if she told about his nefarious double life. The book delineates in one volume: the crisis in the rabbinate, in congregational Judaism; what needs to be done to bring about healing and change; gives description of cases of rabbis sexual abuse as told to the author (these cases are all composites; the victims/survivors identities are disguised), and as reported in the media, including the two murders related to rabbis sexual abuse; the alarming extent of this problem; outlines policies that synagogues and denominations need to adopt; provides definitions of sexual abuse; discusses the kinds of personalities of rabbis which can lead to rabbis becoming sexual predators; and offers

some suggestions for prevention. The book offers a Resources List and extensive Bibliography, including articles from Jewish and secular newspapers around the country, about rabbis sexual abuse. The book provides a healing program geared toward Jewish victims/survivors or rabbis sexual abuse; it can be adapted for victims/survivors of abuse by other clergy and of other kinds of abuse, including abuse by batterers. Women who suffered abuse of any kind will find this book validating and helpful for healing and recovery. "12 Steppers" will be especially interested in this book. The book is helpful to people of all religions who are experiencing the crisis of their religious authorities sexual abuse and covering up of that abuse, including Buddhists, Catholics, and Protestants. It is an urgent read for all Jewish people concerned about the safety of their teen aged children and women, and about the future of their religious organizations and communities. Books have been written about Catholic priests and Protestant ministers and sexual abuse; this is the first about rabbis sexual abuse. Rabbis Arthur Gross-Schaefer and Marcia Zimmerman, and Rev. Nils Friberg praise the book on the book jacket. Maj-Britt Rosenbaum, MD, psychiatrist and former Director of the Long Island Hillside Medical Center Sexuality Center, wrote the Preface. Gary Schoener, Ph.D., clinical psychologist, who treat both clergy-perpetrators and victims, wrote the Foreword.
