In the wake of political upheaval across the United Federation of Planets, Admiral William Riker and the crew of the U.S.S. Titan find themselves in uncertain waters as roles aboard the ship change to reflect a new mandate and a new mission. On orders from Starfleet, Titan sets out toward the edge of Federation space to tackle its latest assignment: to work with an alien species known as the Dinac, who are taking their first steps into the galaxy at large as a newly warp-capable civilization. But when disaster befalls the Dinac, the Titan crew discovers they have unknowingly drawn the attention of a deadly, merciless enemy-a nightmare from Riker's past lurking in the darkness. Friendships will be tested to the limit as familiar faces and new allies must risk everything in a fight against an unstoppable invader-or a horrific threat will be unleashed on the galaxy!

William Riker, former first officer of the USS Enterprise in Star Trek: The Next Generation, takes command of the new USS Titan in this white-knuckled adventure perfect for longtime and new Star Trek fans. After almost a decade of strife against foes such as the

Borg, the Cardassians, the Klingons, and the Dominion, the United Federation of Planets is at the dawn of a new era. Starfleet is renewing its mission of peaceful exploration, diplomacy, and the expansion of knowledge. Among the starships spearheading that endeavor is the USS Titan, commanded by Captain William T. Riker and manned by the most biologically varied and culturally diverse crew in Starfleet history. But their mission does not begin according to plan. In the wake of Star Trek: Nemesis, Praetor Shinzon, slayer of the Romulan Senate, is dead. The power vacuum created by his demise has put the Romulan Star Empire, longtime adversary of the Federation, at the brink of civil war. Competing factions now vie for control of their fragmenting civilization, and if the empire should fall, that entire area of the galaxy may destabilize. To restore order to the region, Titan ' s long-anticipated mission of exploration is delayed as Starfleet assigns Riker to set up power-sharing talks among the Romulan factions. But even as the first tentative steps are taken toward building a new Romulus, the remnants of the Tal Shiar, the dreaded Romulan intelligence service, are regrouping behind the scenes for a power play of their own. With no other help available, Riker and the Titan crew become the last hope to prevent the quadrant from falling into chaos.

A thrilling untold adventure based on the acclaimed Star Trek: Picard TV series! The Alpha Quadrant is mired in crisis. Within the United Federation of Planets, a terrorist strike on the shipyards of Mars has led to the shutdown of all relief efforts for millions of Romulans facing certain doom from an impending supernova. But when the USS Titan is drawn into a catastrophic incident on the Romulan-Federation border, Captain William Riker, his family, and his crew find themselves caught between the shocking secrets of an enigmatic alien species and the deadly agenda of a ruthless Tal Shiar operative. Forced into a wary alliance with a Romulan starship commander, Riker and the Titan crew must uncover the

A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

An original spin-off novel set in the popular Star Trek: The Next Generation universe from New York Times bestselling author David Mack. Death slumbers in the ashes of silent planets, waiting to be awakened and unleashed... Twenty years have passed since the interstellar scourge known as the Husnock were exterminated without warning by a being with godlike abilities. Left behind, intact but abandoned, their desolate worlds and derelict ships brim with destructive potential. Now a discovery by a Federation cultural research team has drawn the attention of several ruthless factions. From black market smugglers to alien military forces, it seems every belligerent power in the quadrant hopes to capture the Husnock's lethal technology. All that stands between the galaxy and those who have come to plunder the cruelest secrets of the Husnock are Admiral William Riker, Captain Christine Vale, and the crew of the Starship Titan. ™, ®, & © 2017 CBS Studios, Inc. It's been said that for any event, there are an infinite number of possible outcomes. Our choices determine which outcome will follow, and therefore all possibilities that could happen do happen across countless alternate realities. In these divergent realms, known history is bent, like white light through a prism -- broken into a boundless spectrum of what-might-have-beens. But in those myriad universes, what might have been...is what actually happened. A Less Perfect Union: More than a hundred years after the Terra Prime movement achieved its dream of an isolationist Earth, humanity is once again at a fork in the river of history...and the path it follows may ultimately be determined by the voice of a single individual: the sole surviving crewmember of the first Starship Enterprise.™ Places of Exile: Midway through Voyager's journey across the galaxy, Captain Kathryn Janeway and Commander Chakotay must choose whether to brave a deadly war zone or abandon their quest for home. But an attack by Species 8472 cripples the ship, and the stranded crew must make new choices that will reshape their destinies...and that of the Delta Quadrant itself. Seeds of Dissent: Khan victorious! Almost four centuries after conquering their world, genetically enhanced humans dominate a ruthless interstellar empire. But the warship Defiance, under its augmented commander, Princeps Julian Bashir, makes a discovery that could shake the pillars of his proud civilization: an ancient sleeper ship from Earth named the Botany Bay.

A thrilling e-novella based on Star Trek: The Next Generation, following the dramatic events as chronicled in the New York Times bestselling story arc The Fall! Newly promoted Admiral William Riker and the crew of the U.S.S. Titan are ordered to race to

Garadius IV—a planet Riker knows all too well from an unsuccessful peace mission when he was still first officer of the U.S.S. Enterprise. But this time, he finds a mysterious new situation: one with the potential to imperil the entire Federation. One of the warring parties has simply vanished...

The Starship Titan continues on her outward voyage of discovery. Ranging farther and farther from Federation space, Captain William Riker and the crew look forward to living Starfleet's mission: seeking out new life, discovering new civilizations. Striking a "sandbank" -- a spatial distortion -- the Titan is knocked out of warp, her crew shaken up but uninjured. Titan has stumbled across a battlefield, and floating in it, shattered and in pieces, are the remains of a ship. Searching for survivors, they discover the ship never had a crew. The away team removes the computer core, looking for answers. Once the device is restored, it becomes clear this is not just a computer, but a thinking, reasoning artificial intelligence. It identifies itself as SecondGen White-Blue, and it comes from a civilization composed entirely of sentient computers. Eons ago these artificial intelligences were charged to be the first line of defense against The Null -- a destructive force so all-consuming that generation upon generation have waged unending war trying to find a way to beat back this terror. Captain Riker offers to assist them, but years of war have left the AIs distrustful and suspicious, especially of organics. The tide of the battle is turning, and The Null is winning. Set free, it will destroy everything in this system and then, unchecked, spread its mindless destruction into the heart of the Federation.
