He uses the metaphors
of “architecture” and
“construction” to help
us understand that
society is not something
that exists “out there,”
independently of

Download Free Sociology

ourselves; rather, it is a human creation that is planned, maintained, or altered by individuals. Instead of surveying every subfield in sociology, this text focuses on the structural features of society, the social construction of the self and identity, and social inequality in the context of social institutions.
