This is found in the URL of the Report Manager site as shown below: Click OK. Do steps 5-8 for the rest of the items in step 5 above. **NOTE: After I copied over the information to my computer, I failed to note the URL.

Accessing SSRS Report Manager site in Firefox browser

SSRS is secured with Windows integrated authentication. Users need to have credentials to access this and Firefox doesn't try your windows credentials unless you tell it to, with the setting you mention. The setting you mention can be set by a script, maybe run by a GPO. – Jamie F Jul 16 '13 at 15:51
