In Stan Lee's How to Draw Comics, Stan Lee reveals his secrets for: \* Costumes \* Pencilng, Inking & Coloring \* Lettering & Word Balloons \* Digital Advances \* Perspective & Foreshortening \* What Makes Great Action \* Page & Panel Layout \* Covers \* Creating a Portfolio \* Getting Work When it comes to comic books, one name says it all: Stan Lee. His characters are classics. His industry knowledge is vast. His creativity is boundless. And now, he’s sharing what he knows with you, Grasshopper! His cohorts have always been—and still are—some of the best in the business: Jack Kirby, John Romita, Sr., Neal Adams, Gil Kane, Mike Deodato, Jr., Frank Cho, and Jonathan Lau, and many others. Stan includes their work here and discusses what exactly makes it so great. He touches on all the important stuff: anatomy, foreshortening, perspective, action, penciling, inking, hand lettering vs. digital lettering, color, character and costume design, panel flow, materials and tools, computers, file formats, and software. He includes an overview of the history and development of the comic book industry, and there’s an extensive section on various types of covers—the super important element that makes the reader want to pick up that comic! In a world where good battles evil at every turn and the hero fights valiantly to get the girl, no stone is left unturned! Here you’ll also find info on all the small details—that really aren’t so small: word balloons, thought balloons, whisper balloons, bursts, sound effect lettering, and splash pages! And KA-BLAMMM! . . . once you’ve created your art, then what? Lest you think Stan would turn you out into the wilderness without a road map, fellow traveler, there’s also information on preparing and submitting your portfolio, on getting work, and on suggested reading and schools. Stan Lee’s How to Draw Comics features a cover that reunites long time collaborator John Romita Sr. and original cover artist of How to Draw Comics the Marvel Way. John Romita Sr. was most famous for his collaboration on The Amazing Spider-Man with Stan Lee! It’s time for a new approach . . . “a cornucopia of cutting-edge, techno-savvy instructions to lead you down the freshly laid yellow brick road of creativity.” It’s time for a book that takes you on the new journey of creating comic books for the 21st century and beyond! Excelsior!

A comic-book legend explains how to write the stories and dialog for exciting and engaging comic books. Simultaneous.

In a remarkable autobiography, the creator of Marvel Comics describes his youth in the Bronx, his early years publishing comic books during World War II, the rise of the Marvel empire, and his creation of such legendary superheroes as the X-Men, Spider Man, the Incredible Hulk, and other popular icons. Simultaneous.

The definitive, revelatory biography of Marvel Comics icon Stan Lee, a writer and entrepreneur who reshaped global pop culture—at a steep personal cost “A biography that reads like a thriller or a whodunit . . . scrupulously honest, deeply damning, and sometimes even heartbreaking.”—Neil Gaiman Stan Lee—born Stanley Martin Lieber in 1922—was one of the most beloved and influential entertainers to emerge from the twentieth century. He served as head editor of Marvel for three decades and, in that time, launched more pieces of internationally recognizable intellectual property than anyone other than Walt Disney: Spider-Man, the Avengers, the X-Men, Black Panther, the Incredible Hulk, Iron Man, Thor . . . the list seems to never end. On top of that, his carnival-barker marketing prowess more or less single-handedly saved the comic-book industry and superhero fiction. Without him, the global entertainment industry would be wildly different—and a great deal poorer. But Lee’s unprecedented career was also filled with spectacular failures, controversy, and bitter disputes. Lee was dogged by accusations from key collaborators such as Jack Kirby and Steve Ditko over who really created Marvel’s signature characters—iconic figures for whom Lee had always been suspected of taking more than his proper share of credit. A major business venture, Stan Lee Media, resulted in stock manipulation, bankruptcy, and criminal charges. A second one, POW! Entertainment, has been repeatedly accused of malfeasance and deceit. And in his final years, after the death of his beloved wife, Joan, rumors swirled that Lee was a virtual prisoner in his own home, beset by abusive grifters and issuing cryptic video recordings as a battle to control his fortune and legacy ensued. Abraham Riesman is a veteran culture reporter who has conducted more than 150 interviews and investigated thousands of pages of private documents, turning up never-before-published revelations about Lee’s life and work. Lee’s most famous motto was “With great power comes great responsibility.” Stretching from the Romanian shtetls of Lee’s ancestors to his own final moments in Los Angeles, True Believer chronicles the world-changing triumphs and tragic missteps of an extraordinary life, and leaves it to readers to decide whether Lee lived up to the responsibilities of his own talent.

The Amazing Spider-Man. The Incredible Hulk. The Invincible Iron Man. Black Panther. These are just a few of the iconic superheroes to emerge from the mind of Stan Lee. From the mean streets of Depression-era New York City to recipient of the National Medal of Arts, Lee’s life has been almost as remarkable as the thrilling adventures he spun for decades. From millions of comic books fans of the 1960s through billions of moviegoers around the globe, Stan Lee has touched more people than almost any person in the history of popular culture. In Stan Lee: The Man behind Marvel, Bob Batchelor offers an eye-opening look at this iconic visionary, a man who created (with talented artists) many of history’s most legendary characters. In this energetic and entertaining biography, Batchelor explores how Lee capitalized on natural talent and hard work to become the editor of Marvel Comics as a teenager. After toiling in the industry for decades, Lee threw caution to the wind and went for broke, co-creating the Fantastic Four, Spider-Man, Hulk, Iron Man, the X-Men, the Avengers, and others in a creative flurry that revolutionized comic books for generations of readers. Marvel superheroes became a central part of pop culture, from collecting comics to innovative merchandising, from superhero action figures to the ever-present Spider-Man lunchbox. Batchelor examines many of Lee’s most beloved works, including the 1960s comics that transformed Marvel from a second-rate company to a legendary publisher. This book reveals the risks Lee took to bring the characters to life and Lee’s tireless efforts to make comic books and superheroes part of mainstream culture for more than fifty years. Stan Lee: The Man behind Marvel not only reveals why Lee developed into such a central figure in American entertainment history, but brings to life the cultural significance of comic books and how the superhero genre reflects ideas central to the American experience. Candid, authoritative, and utterly absorbing, this is a biography of a man who dreamed of one day writing the Great American Novel, but ended up doing so much more—changing American culture by creating new worlds and heroes that have entertained generations of readers.

From Stan Lee, the pop culture legend behind Marvel’s The Avengers™, Black Panther™, X-Men™, Spider-Man™, The Fantastic Four™, and Iron Man™, comes a major literary event featuring two heroic teenagers—one born with extraordinary gifts, one unwillingly transformed. Together they can change the world . . . or put it in the destructive hands of a danger beyond imagination. Set in Stan Lee’s Alliances Universe, co-created by Lee, Luke Lieberman, and Ryan Silbert, and along with Edgar Award-nominated co-writer Kat Rosenfield, Stan Lee delivers a novel packed with the pulse-pounding, breakneck adventure and the sheer exuberant invention that have defined his career as the creative mastermind behind Marvel’s spectacular universe. “Leave it to Stan Lee to save his very best for last. A Trick of Light is as heartfelt and emotional as it is original and exciting. What a movie this one will make.”—James Patterson “For lovers of Stan Lee this is nothing short of a publishing event! (And, honestly, who the hell doesn’t love Stan Lee?) Beguiling, cinematic, operatic, A Trick of Light is a bracing espresso first thing in the morning and the thrum of a familiar love deep at night.”—Gary Shteyngart, author of Absurdistan and Lake Success

The third installment in comics icon Stan Lee's series showing readers how to draw some of the most exciting and dynamic superheroes of all time. Spider-Man, the X-Men, the Fantastic Four, Iron Man, the Incredible Hulk, and the Avengers all share a common trait -- these hugely popular Marvel Comics superheroes were co-created by the legendary Stan Lee. Now, Lee shows readers everything they'll need to make their own mighty superheroes, just like his classic creations. Lee exposes his secret tools and techniques for bringing strong, inspiring heroes and heroines to life. He even shows aspiring creators how to expand their super-universes with evil villains, trusty sidekicks, brutes and monsters, super-pets, secret hideouts, and more! These invaluable insights from one of the greatest superhero creators of all time are must-haves for all fans of Lee's legendary superhero comic work.

Illustrates hitherto mysterious methods of comic art using as examples such Mighty Marvel heroes as Thor, The Silver Surfer, Spider-Man, and The Hulk

A latest entry in the series by the National Medal of Arts-winning comics icon demonstrates how to draw superhero characters in the style of Marvel favorites, demystifying specific tools and techniques while sharing advice for also creating villains, sidekicks and monsters. Original.

Graphic memoir about the career of Stan Lee, the American comic book writer, editor, publisher, and former president and chairman of Marvel Comics.
