This final volume of IDW's first Star Trek run contains five issues and two story arcs, but reads quickly - the pacing keeps the stories moving, and while they are complete, they leave you wishing there was more. The first story arc, Spock's Legacy, fills in what happened to TOS Spock after the 2009 Star Trek reboot film.

'Star Trek Volume 11' collects issues 46-49 of the ongoing comic book series. It's kind of a mashup of things instead of one cohesive story arc, but I still enjoyed it. The crew of the reboot Enterprise is pulled out of warp on their way home. The crew has bouts of extreme emotions, to the point where McCoy sedates himself until a cure can be found.

Star Trek Into Darkness left a bad taste in my mouth so I'm fortunate this book was more enjoyable than the movie.
