Does the Bible support the concept of "once saved,

File Type PDF Stice And Intermediate Accounting

18th Edition," or can a person lose his or her salvation? How do the Scriptures portray the complex interplay between grace and free will? These and related questions are explored from different angles in this thought-provoking Counterpoints volume. The contributors each state their case for one of four prominent views on eternal security: classical Calvinist, moderate Calvinist, reformed Arminian, and Wesleyan Arminian. In keeping with the forum approach of the Counterpoints series, each view is first presented by its proponent, then

critiqued and defended. This fair and respectful approach allows you to weigh for yourself the strengths and weaknesses of the different doctrinal stances. By furnishing you with scholarly and thoughtful perspectives on the topic of eternal security, this book helps you sift through opposing views to arrive at your own informed conclusions. The Counterpoints series provides a forum for comparison and critique of different views on issues important to Christians. Counterpoints books address two categories: Church Life and Bible and Theology.
