The Stranger at the Pentagon (Revised) Paperback – December 15, 2001 by Frank E. Stranges Ph.D. (Author), Valiant Thor (Author), Dr. Harley A. Byrd (Introduction) 4.0 out of 5 stars 213 ratings See all formats and editions

Dr. Frank Stranges was born and educated in Brooklyn, New York. He received his Bachelors of Divinity, as well as Ph.D's in Psychology and Philosophy, from Faith Theological Seminary in Ft. Lauderdale, Florida. Dr. Stranges was a member of the Mayor's Advisory Council of Los Angeles, and a member of the American Association for Social Psychology. He also held a Ph.D. from the National Institute of Criminology, in Washington, D.C., and was an accredited Diplomat of the American Academy of Professional Arts. Dr. Stranges authored several books on scientific and religious subjects, including his classic "The Stranger at the Pentagon," which tells the unusual story of a spaceman named Valiant Thor. Because Thor was a real person, who appeared in a public on a few occasions (including at the United Nations headquarters in New York City), the legend of the Stranger at the Pentagon has grown, becoming a real head-scratcher for 21st-century UFO researchers. Today, it is still one of the hottest topics in ufology, having spawned various other books, documentaries, and even feature Hollywood films. What exactly happened to Valiant Thor? Did he get back on his spaceship and return to his home planet, or did he help the U.S. government set up alien-human hybrid experimentation in remote underground bases? Or was he imprisoned - thrown in the clink - by those in the government who have been fighting UFO Disclosure all these years? Since no one knows how long an alien can

Download Free Stranger At The Pentagon By Frank E Stranges Ebook

live, could Valiant Thor still be alive today, in 2016, somewhere in - or under - our nation's capitol? This special reprint - the 6th revised edition from 2001 - features an introduction by Dr. Harley Byrd, nephew of Admiral Richard E. Byrd, and an epilogue by Valiant Thor himself, as well as several interesting photos, covering years of ufological history. A must-have for the serious paranormal researcher.

Who was the 'mysterious visitor' who had no fingerprints, could read minds and whose garments would not burn or otherwise be destroyed? Has the US government been withholding news that friendly ETs have arrived on Earth? A full gospel minister, the author claims he met such an ET inside the Pentagon.

In "Valiant Thor's Book of Ancient Aliens," the illustrious cosmic thinker, Valiant Thor (also known as "The Stranger at the Pentagon"), presents several of his favorite articles from Saucerian publications over the years, throwing interesting new light on the Ancient Aliens meme. Initially edited by the master of the ufological genre himself, Gray Barker, this updated volume will keep any paranormal reader up late at night, wondering at the vastness of space and the immensity of the UFO problem. This special reprint features introductions by Thor and Barker, as well as groundbreaking research from Fortean luminaries like Ingo Swann (on Astrology and Megaliths), Ivan T. Sanderson (on various Fortean), NASA scientist Maurice Chatelain (on Ancient Aliens), Erich Von Daniken (on the ideal spacecraft), John A. Keel (on the Sky Gods), M.K. Jessup (on Ancient Astronauts), W. Raymond Drake (on Spacemen in Ancient History), Jacques Bergier (on Space Gods and the Birth of Man), and several others. Quality research such as this does not go out of style, and is still applicable - even vital - to our understanding of the UFO riddle today. "The ancient sky gods have perhaps spoken through the very writers of this book..." -Erich Von Daniken "An intelligent look at the intelligences behind our intelligence..." -Ingo Swann "Chances are astronomical that readers will be uplifted..." -Maurice Chatelain Publisher: New Saucerian Press Cover photo: Andrew B. Colvin

Here Valiant Thor, the "Stranger at the Pentagon," reveals long-sought-after details about his Venusian space fleet, such as the various types of spacecraft assigned to Earth, their general locations, deployment numbers, and crew structures. Also covered are orbiters, shuttlecraft, and security issues such as "thought surveillance." A must-have for the serious Thor fan.

Foreword by Jonathan Turley, Shapiro Professor of Public Interest Law, George Washington University Law School Robb's book should outrage most Americans and lead to hearings in Congress. Congress has never given the military the authority to use public funds and resources to engage in its own self-serving efforts to shape its public image. In the very least, it is a misuse of public funds. At worst, it is a new variation on censorship, crafted to operate in the shadow of the First Amendment. - From the Foreword by Jonathan Turley [S]ucceeds in uncovering a little-known and disturbingly anti-democratic aspect of the film industry. It is also a very entertaining book that military film enthusiasts especially will enjoy reading. - On Point, The Journal of Army History...illuminating...-Publishers Weekly...a fully documented broadside fit for all public and academic libraries. - Library Journal Through a series of candid letters, interviews, and anecdotes from Hollywood icons Clint Eastwood, Jerry Bruckheimer, John Wayne, Francis Ford

Download Free Stranger At The Pentagon By Frank E Stranges Ebook

Coppola and others, Robb takes his readers on a tour of the integral workings of Hollywood's deal with the Pentagon. Our rating: A- Rocky Mountain NewsAn indignant, unsettling analysis of the military's influence on the film industry.- Hollywood ReporterThe only thing Hollywood likes more than a good movie is a good deal. For more than fifty years producers and directors of war and action movies have been getting a great deal from America's armed forces by receiving access to billions of dollars worth of military equipment and personnel for little or no cost. Although this arrangement considerably lowers a film's budget, the cost in terms of intellectual freedom can be quite steep. In exchange for access to sophisticated military hardware and expertise, filmmakers must agree to censorship from the Pentagon.As veteran Hollywood journalist David L. Robb shows in this revealing insider's look into Hollywood's dirtiest little secret, the final product that moviegoers see at the theater is often not just what the director intends but also what the powers-that-be in the military want to project about America's armed forces. Sometimes the censor demands removal of just a few words; other times whole scenes must be scrapped or completely revised. What happens if a director refuses the requested changes? Robb quotes a Pentagon spokesman: Well I'm taking my toys and I'm going home. I'm taking my tanks and my troops and my location, and I'm going home. That can be quite a persuasive threat to a filmmaker trying to keep his movie within budget.Robb takes us behind the scenes during the making of many well-known movies. From The Right Stuff to Top Gun and even Lassie, the list of movies in which the Pentagon got its way is very long. Only when a director is determined to spend more money than necessary to make his own movie without interference, as in the case of Oliver Stone in the creation of Platoon or Francis Ford Coppola in Apocalypse Now, is a film released that presents the director's unalloyed vision.For anyone who loves movies and cares about freedom of expression, Operation Hollywood is an engrossing, shocking, and very entertaining book.David Robb (Beverly Hills, CA), an award-winning freelance journalist who has been nominated for the Pulitzer Prize three times, has published articles in the New York Times, Washington Post, Los Angeles Daily News, The Nation, LA Weekly, Salon.com, and Brill's Content. For many years he was a labor and legal reporter for The Hollywood Reporter and Daily Variety.

Chuck Todd's gripping, fly-on-the-wall account of Barack Obama's tumultuous struggle to succeed in Washington. Barack Obama won the presidency in 2008 partly because he was a Washington outsider. But if he'd come to the White House thinking he could change the political culture, he soon discovered just how difficult it was to swim against an upstream of insiders, partisans, and old guard networks allied to undermine his agenda---including members of his own party. He would pass some of the most significant legislation in American history, but his own weaknesses torpedoed some of his greatest hopes. In THE STRANGER, Chuck Todd draws upon his unprecedented inner-circle sources to create a gripping account of Obama's White House tenure, from the early days of drift and helplessness to a final stand against the GOP in which an Obama, at last liberated from his political future, finally triumphs.

The Pyramids and the Pentagon is a detailed study of how and why government agencies have, for decades, taken a clandestine and profound interest in numerous archeological, historical, and religious puzzles. Focusing primarily upon the

Download Free Stranger At The Pentagon By Frank E Stranges Ebook

classified work of the U.S. Government, *The Pyramids and the Pentagon* invites you to take a wild ride into the fog-shrouded past. It's a ride that incorporates highlights such as: The CIA's top-secret files on Noah's Ark U.S. Army documents positing that the Egyptian Pyramids were constructed via levitation Disturbing military encounters with Middle Eastern djinns Claims of nuclear warfare in ancient India Links between the Face on Mars and the pharaohs And many more Nick Redfern's *The Pyramids and the Pentagon* clearly and provocatively demonstrates that deep and dark conspiracies exist within the shadowy world of officialdom—conspiracies that have the ability to rock the foundations of civilization, religion, and history to their very core. The strange and amazing secrets of the past are just a heavily guarded government vault away.

Malcolm Gladwell, host of the podcast *Revisionist History* and author of the #1 New York Times bestseller *Outliers*, offers a powerful examination of our interactions with strangers and why they often go wrong—now with a new afterword by the author. A Best Book of the Year: The Financial Times, Bloomberg, Chicago Tribune, and Detroit Free Press How did Fidel Castro fool the CIA for a generation? Why did Neville Chamberlain think he could trust Adolf Hitler? Why are campus sexual assaults on the rise? Do television sitcoms teach us something about the way we relate to one another that isn't true? *Talking to Strangers* is a classically Gladwellian intellectual adventure, a challenging and controversial excursion through history, psychology, and scandals taken straight from the news. He revisits the deceptions of Bernie Madoff, the trial of Amanda Knox, the suicide of Sylvia Plath, the Jerry Sandusky pedophilia scandal at Penn State University, and the death of Sandra Bland—throwing our understanding of these and other stories into doubt. Something is very wrong, Gladwell argues, with the tools and strategies we use to make sense of people we don't know. And because we don't know how to talk to strangers, we are inviting conflict and misunderstanding in ways that have a profound effect on our lives and our world. In his first book since his #1 bestseller *David and Goliath*, Malcolm Gladwell has written a gripping guidebook for troubled times.

An urgent manifesto and a dramatic memoir of awakening, this is the story of revolutionary love. Finalist for the Dayton Literary Peace Prize □ “In a world stricken with fear and turmoil, Valarie Kaur shows us how to summon our deepest wisdom.”—Elizabeth Gilbert, author of *Eat Pray Love* How do we love in a time of rage? How do we fix a broken world while not breaking ourselves? Valarie Kaur—renowned Sikh activist, filmmaker, and civil rights lawyer—describes revolutionary love as the call of our time, a radical, joyful practice that extends in three directions: to others, to our opponents, and to ourselves. It enjoins us to see no stranger but instead look at others and say: You are part of me I do not yet know. Starting from that place of wonder, the world begins to change: It is a practice that can transform a relationship, a community, a culture, even a nation. Kaur takes readers through her own riveting journey—as a brown girl growing up in California farmland finding her place in the world; as a young adult galvanized by the murders of Sikhs after 9/11; as a law student fighting injustices in American prisons and on Guantánamo Bay; as an activist working with communities recovering from xenophobic attacks; and as a woman trying to heal from her own experiences with police violence and sexual assault. Drawing from the wisdom of sages, scientists, and activists, Kaur reclaims love as an active, public, and

Download Free Stranger At The Pentagon By Frank E Stranges Ebook

revolutionary force that creates new possibilities for ourselves, our communities, and our world. See No Stranger helps us imagine new ways of being with each other—and with ourselves—so that together we can begin to build the world we want to see.

"The story of Daniel Ellsberg and his decision to steal and publish secret documents about America's involvement in the Vietnam War"--
