The anarchical society (1977 edition) | Open Library

The Anarchical Society identifies and confronts the unwritten rules supporting the international order across history, despite sweeping changes in laws and institutions. It considers and rejects the idea that the states system is giving way to an alternative world government or some method of neo-medieval rule or that the states system has ceased to be viable or compatible with objectives such as peace, economic justice, and ecological control.

The Anarchical Society: A Study of Order in World Politics ...

This new edition of Hedley Bull's most systematic and fundamental work marks the 35th anniversary of its original publication. The book includes a substantial new foreword by Andrew Hurrell examining the continuing relevance of The Anarchical Society to developments in theory and in the structures and practices of world politics.

The Anarchical Society: A Study of Order in World Politics ...

Its name in large part describes Bull's thesis: the current system of states is anarchical in that there is no higher level of authority over states, each state having ultimate sovereignty over its citizens within its borders; and the system forms a society in that there are certain "common rules and institutions" (25) which provides order to the international arena. Neither statement seems very novel to a student of International Relations; indeed, it seems to be an overview of the common ...

Review: The Anarchical Society - Garret Wilson

The Anarchical Society identifies and confronts the unwritten rules supporting the international order across history, despite sweeping changes in laws and institutions. It considers and rejects the idea that the states system is giving way to an alternative world government or some method of neo-medieval rule or that the states system has ceased to be viable or compatible with objectives such as peace, economic justice, and ecological control.

The anarchical society : a study of order in world ...

The Anarchical Society is an artefact which bears the scars of its age and its political imperatives. It appeared at a critical juncture in post-war international history – the mid-1970s. Decolonization was almost complete and Western Europe reduced to near-irrelevance in great power politics.
