The Third Book of the Maccabees. III Maccabees has no relation to the other three books of Maccabees, all of which deal with the revolt of Judaea against Antiochus IV Epiphanes. It purports to be a historical account of the repression and miraculous salvation of Egyptian Jewry during the reign (221 –205 bce) of Ptolemy IV Philopator.

This tome steers you to both the established best-selling authors and the newest top writers—the must reads! There are more than 1,000 works with fun-to-read information, selected excerpts, and links to online retailers that sell them or offer more information about them.TAKE THE LUCK OUT OF FINDING THAT " GREAT READ " Be it fiction or nonfiction, luck usually plays a role in finding that extraordinary work, the great read that keeps you spell-bound. But now you can take the luck out of finding the best novels and nonfiction with this continuously updated book guide, which is crafted to steer you to ones that " hit the mark " every time. The reading recommendations cover 116 literary genres—in fiction and nonfiction—with a range as broad as American history and time travel to self-help, the best biographies, and even zombies. Selections include not only the classics and the best sellers, but also lesser-known genre fiction and the leading nonfiction penned by the top authors in almost every major field. It also offers selected excerpts in every literary genre. And, it's a fun read that you'll enjoy on its own.FICTION and NONFICTIONThere are two general categories among our must reads: The greatest novels and the best nonfiction. There are over 100,000-words of informative text about them. Please see the sample pages found in the " Look Inside " feature on our Amazon page for a list of the over 100 fiction and nonfiction genres, encompassing over 1,000 titles you should read before your own " final chapter. " NONFICTION: There is a reason that so much of the suggested readings in this category are either best-selling works or the " classical treatments " of a particular subject: the marketplace and the experts are notorious for picking the leading books in the information world. It is, after all, the foremost professionals in the field that usually write them, and buy them. They usually possess some special knowledge in choosing the most reliable information sources in their areas of expertise, which means you have one of the most respected voices in each nonfiction genre. Our experts have identified them for you.FICTION: Big sales are not the only gauge of worth, though our reading recommendations don't ignore the bestsellers either; rather we look for authors with a knack for story-telling as well as those that have perfected a particular writing style.PERFECT FICTION is not just every great novelist's goal; it was also the goal in selecting inclusions in this guidebook to books. An experienced team of literary professionals chose works that meet three important criteria found in only the best fiction: 1. A story so good you don't want it to end2. Unforgettable characters3. Writing that hooks you on the first page A TEAM OF EXPERIENCED LITERARY PROFESSIONALSSelections in this book guide are chosen and penned by literary professionals: publishers, editors, authors, scholars, and critics, pointing you to the leading novels and nonfiction by the best writers. Each fiction genre provides an average of a dozen choices — making it much more likely that you'll find your next " great read. " This convenient handbook on literature also includes selected excerpts and online links to buy them or just learn more with a simple tap of your finger. No other literary guide has so much.REMEMBER: UPDATES ARE FREE! When you purchase this book now, you can receive up to two free books from our editors: The Best books of 2012 and another for2013. A free download link is inside the book. Scroll up and click the "Buy" button now and find your next great read in minutes.

A blockbuster illustrated book that captures what Americans love to read, The Great American Read: The Book of Books is the gorgeously-produced companion book to PBS's ambitious summer 2018 series. What are America's best-loved novels? PBS will launch The Great American Read series with a 2-hour special in May 2018 revealing America's 100 best-loved novels, determined by a rigorous national survey. Subsequent episodes will air in September and October. Celebrities and everyday Americans will champion their favorite novel and in the finale in late October, America's #1 best-loved novel will be revealed. The Great American Read: The Book of Books will present all 100 novels with fascinating information about each book, author profiles, a snapshot of the novel's social relevance, film or television adaptations, other books and writings by the author, and little-known facts. Also included are themed articles about banned books, the most influential book illustrators, reading recommendations, the best first-lines in literature, and more. Beautifully designed with rare images of the original manuscripts, first-edition covers, rejection letters, and other ephemera, The Great American Read: The Book of Books is a must-have book for all booklovers.

What would this reading trajectory say about you? With passion, humor, and insight, the editor of The New York Times Book Review shares the stories that have shaped her life. Pamela Paul has kept a single book by her side for twenty-eight years — carried throughout high school and college, hauled from Paris to London to Thailand, from job to job, safely packed away and then carefully removed from apartment to house to its current perch on a shelf over her desk — reliable if frayed, anonymous-looking yet deeply personal. This book has a name: Bob. Bob is Paul ' s Book of Books, a journal that records every book she ' s ever read, from Sweet Valley High to Anna Karenina, from Catch-22 to Swimming to Cambodia, a journey in reading that reflects her inner life — her fantasies and hopes, her mistakes and missteps, her dreams and her ideas, both half-baked and wholehearted. Her life, in turn, influences the books she chooses, whether for solace or escape, information or sheer entertainment. But My Life with Bob isn ' t really about those books. It ' s about the deep and powerful relationship between book and reader. It ' s about the way books provide each of us the perspective, courage, companionship, and other ephemera, that we need to forge our own path. It ' s about why we read what we read and how those choices make us who we are. It ' s about how we make our own stories.

Just as the Reformation was a movement of intertwined theological and political aims, many individual authors of the time shifted back and forth between biblical interpretation and political writing. Two foundational figures in the history of the Renaissance Bible, Desiderius Erasmus and William Tyndale, are cases in point, one writing in Latin, the other in the vernacular. Erasmus undertook the project of retranslating and annotating the New Testament at the same time that he developed rhetorical approaches for addressing princes in his Education of a Christian Prince (1516); Tyndale was occupied with biblically inflected works such as his Obedience of a Christian Man (1528) while translating and annotating the first printed English Bibles. In The Book of Books, Thomas Fulton charts the process of recovery, interpretation, and reuse of scripture in early modern England, exploring the uses of the Bible as a supremely authoritative text that was continually transformed for political purposes. In a series of case studies linked to biblical translation, polemical tracts, and works of imaginative literature produced during the reigns of successive English rulers, he investigates the commerce between biblical interpretation, readership, and literary culture. Whereas scholars have often drawn exclusively on modern editions of the King James Version, Fulton turns our attention toward the specific Bibles that writers used and the specific manner in which they used them. In doing so, he argues that Spenser, Shakespeare, Milton, and others were in conversation not just with the biblical text itself, but with the rich interpretive and paratextual structures that accompanied it, revolving around sites of social controversy as well as the larger, often dynastically oriented conditions under which particular Bibles were created.

The King James Bible has often been called the "Book of Books," both in itself and in what it stands for. Since its publication in 1611, it has been the best-selling book in the world, and many believe, it has had the greatest impact. The King James Bible has spread the Protestant faith. It has also been the greatest influence on the enrichment of the English language and its literature. It has been the Bible of wars from the British Civil War in the seventeenth century to the American Civil War two centuries later, and it has been carried into battle in innumerable conflicts since then. Its influence on social movements—particularly involving women in the nineteenth and twentieth centuries—and politics was profound. It was integral to the abolition of slavery, and it defined attitudes to modern science, education, and sex. As Lord Melvyn Bragg's The Adventure of English explored the history of our language, so The Book of Books reveals the extraordinary and still-felt impact of a work created 400 years ago.

A visual tribute to the printed word, this delicious ode to the book will be irresistible to anyone who treasures the feel of fine paper and the special allure of a clothbound volume.Abelardo Morell's elegant photographs of books are presented induotone reproductions, highlighting the grace and sensuality of theprinted page. Morell has selected unusual books, like a leather-bound volume that is smaller than a paper clip, an impossibly large dictionary and illustrated books whose characters appear to leap off the page.He has photographed the endless ocean of books in a library and thestrikingly beautiful way in which weathered and water-damaged bookstake on sculptural form.

This realistic amazing story is about the lost TRUE STORIES of our world. It brings the greatest events on earth from our ancient Bible to our lost stories of today, and gives us a FUTURE EVENT--- this is where our story starts: Four friends are camping as an angel guide gives them the book made by the creator of our Universe. This book is far more than just a book-- it's an energy ORB that connects to the mind of GOD --- it has all the secrets of the Universe in it, and much, much more.... so as the four friends find out they have unimaginable mission to get earth ready for GOD- who is coming to earth. GOD asks the leaders of our world to make a choice. This choice is to save our SUN & our stars from an Evil Army who is pulling the energy from our Universe to build a new one. MAXIMUS ALEXANDER is leading GOD'S army-----the saga starts...

Accompanied by more than 300 illustrations, most in full color, The Smithsonian Book of Books presents the history, the art, and the influence of books through all ages and cultures. Beginning with the ancient origins of writing, Olmert revisits great works of religion, science, and literature. 338 illustrations, 311 in color.

From scrolls and sheets of papyrus to elaborate and expensive codices to the mass press-printed volumes as we know them today, books have come a long way since writing was first developed. Although digital technology has impacted how we consume information over the last few decades, book design has survived as a means of showcasing creativity and craftsmanship, as books remain important sources of inspiration, knowledge, and entertainment. A Book on Books showcases some of the best book design work from all over the world in celebrating the designers' contributions to preserving reading culture, as they continue to make books eye-catching and exciting to read or own. It also captures the voices of key influencers from publishing, printmaking, book fair organizing, and bookshop-owning standpoints, as they continue to play a crucial role in keeping the book-making industry alive and thriving even in the unknown future.
