The Divided Self, R.D. Laing's groundbreaking exploration of the nature of madness, illuminated the nature of mental illness and made the mysteries of the mind comprehensible to a wide audience. First published in 1960, this watershed work aimed to make madness comprehensible, and in doing so revolutionized the way we perceive mental illness.

The Divided Self: An Existential Study in Sanity and ...

The Divided Self is a fairly good and short phenomenological/existential description of schizoid/schizophrenic being-in-the-world. In other words, instead of trying to find a strictly biological or psychoanalytical causal explanation of madness, Laing, drawing from Binswanger, Merleau-Ponty, and Heidegger, tries to describe how the schizoid/schizophrenic person sees and interprets her/his world.

The Divided Self: An Existential Study in Sanity and ...

THE DIVIDED SELF R. D. Laing, one of the best-known psychiatrists of modern times, was born in Glasgow in 1927 and graduated from Glasgow University as a doctor of medicine. In the 1960s he developed the argument that there may be a benefit in allowing acute mental and emotional turmoil in depth to go

The Divided Self (An Existential Study in Sanity and Madness)

The Divided Self: An Existential Study in Sanity and Madness. The Divided Self. : Dr. Laing's first purpose is to make madness and the process of going mad comprehensible. In this, with case studies of schizophrenic patients, he succeeds brilliantly, but he does more: through a vision of sanity and madness as 'degrees of conjunction and disjunction between two persons where the one is sane by common consent' he offers a rich existential analysis of personal alienation.

Self-consciousness, then, may be the apprehensive awareness of oneself as potentially exposed to danger by the simple fact of being visible to others. The obvious defence against such a danger is to make oneself invisible in one way or another." — R.D. Laing, *The Divided Self: An Existential Study in Sanity and Madness*

A study of mental instability

File Type PDF The Divided Self An Existential Study In Sanity And Madness Penguin Modern Classics

First published in 1960, this watershed work aimed to make madness comprehensible, and in doing so revolutionized the way we perceive mental illness. Using case studies of patients he had worked with, psychiatrist R. D. Laing argued that psychosis is not a medical condition but an outcome of the 'divided self', or the tension between the two personas within us: one our authentic, private identity, and the other the false, 'sane' self that we present to the world.

First published in 1960, this watershed work aimed to make madness comprehensible, and in doing so revolutionized the way we perceive mental illness. Using case studies of patients he had worked with, psychiatrist R. D. Laing argued that psychosis is not a medical condition but an outcome of the ♦divided self♦, or the tension between the two personas within us: one our authentic, private identity, and the other the false, ♦sane♦ self that we present to the world.

Published in the year 2002, Selected Works RD Laing: Self & Other V2 is a valuable contribution to the field of Major Works.

David Hume is one of the most provocative philosophers to have written in English. His Dialogues ask if a belief in God can be inferred from what is known of the universe, or whether such a belief is even consistent with such knowledge. The Natural History of Religion investigates the origins of belief, and follows its development from polytheism to dogmatic monotheism. Together, these works constitute the most formidable attack upon religious belief ever mounted by a philosopher. This new edition includes Section XI of The Enquiry Concerning Human Understanding and a letter by Hume in which he discusses Dialogues.

R.D. Laing was Britain's most famous psychoanalyst and a hugely contentious figure. His ambition to make madness intelligible was reached through unorthodox means and despite being a gifted professional, he was sneered at by the establishment. In this biography, John Clay traces Laing's colourful life from his childhood in Glasgow to the heights of fame in the 1960s and assesses the influence his ideas had on the future of psychiatry.

Phenomenology in Psychology and Psychiatry is a historical introduction to phenomenology in psychology working from the general to the details of the subject.
