**Encyclopedia of Monsters**
A guide to more than one thousand beasts, specters, and other monsters, from the Bible's Leviathan to Hollywood's Alien, arranged alphabetically and cross-referenced by subject

Here there be dragons--this notation was often made on ancient maps to indicate the edges of the known world and what lay beyond. Heroes who ventured there were only as great as the beasts they encountered. This encyclopedia contains more than 2,200 monsters of myth and folklore, who both made life difficult for humans and fought by their side. Entries describe the appearance, behavior, and cultural origin of mythic creatures well-known and obscure, collected from traditions around the world.

From vampires and demons to ghosts and zombies, interest in monsters in literature, film, and popular culture has never been stronger. This concise Encyclopedia provides scholars and students with a comprehensive and authoritative A-Z of monsters throughout the ages. It is the first major reference book on monsters for the scholarly market. Over 200 entries written by experts in the field are accompanied by an overview introduction by the editor. Generic entries such as 'ghost' and 'vampire' are cross-listed with important specific manifestations of that monster. In addition to monsters appearing in English-language literature and film, the Encyclopedia also includes significant monsters in Spanish, French, Italian, German, Russian, Indian, Chinese, Japanese, African and Middle Eastern traditions. Alphabetically organized, the entries each feature suggestions for further reading. The Ashgate Encyclopedia of Literary and Cinematic Monsters is an invaluable resource for all students and scholars and an essential addition to library reference shelves.

The ultimate quest for the world's most mysterious creatures The Loch Ness Monster, Bigfoot, the Abominable Snowman -- these are the names of the elusive beasts that have caught the eye and captured the imaginations of people around the world for centuries. Recently, tales of these "monsters" have been corroborated by an increase in sightings, and out of these legends a new science has been born: cryptozoology -- the study of hidden animals. Cryptozoology A to Z, the first encyclopedia of its kind, contains nearly two hundred entries, including cryptids (the name given to these unusual beasts), new animal finds, and the explorers and scientists who search for them. Loren Coleman, one of the world's leading cryptozoologists, teams up with Jerome Clark, editor and author of several encyclopedias, to provide these definitive descriptions and many never-before-published drawings and photographs from eyewitnesses' detailed accounts. Full of insights into the methods of these scientists, exciting tales of discovery, and the history and evolution of this field, Cryptozoology A to Z is the most complete reference ever of the newest zoological science.

Monsters and shape-shifters have always held a special fascination in mythologies, legends, and folklore the world over. From ancient customs to famous cases of beasts and vampires and their reflections in popular culture, 600 entries provide definitions, explanations, and lists of suggested further reading.

**Encyclopedia of Monsters**
Presents short entries on creatures and legends from European, Celtic, and Norse mythology, as well as from African, Asian, Middle Eastern, and Australian traditions.

The ultimate guide to monster girls that took fandom by storm--for Mature fans only! Monster Girl Encyclopedia Volume 1 is the first in a series of highly detailed illustrated books that contains one hundred profiles of wickedly lascivious monster girls. Considered by many fans to be the definitive source for sexy monster girls and the worlds they inhabit, Monster Girl Encyclopedia is a must-have purchase for fans of Monster Musume, Nurse Hitomi 's Monster Infirmary, and other monster titles. This deluxe, large-trim hardcover with foil highlights is shrink-wrapped for Mature readers, and includes 240 pages of in-depth bios, one hundred gorgeous full-color illustrations, numerous tantalizing black and white spot illustrations, diagrams, and more. Told from the perspective of a wandering monster girl scholar, these vibrantly illustrated pages teach us about sensual elves, dwarves, succubi, centaurs, mermaids, and much more, like you 've never seen them before.

Presents six mythical monsters and dragons from different cultures, including such figures as Medusa, Kraken, and Bigfoot, in a text with pop-up illustrations.

An illustrated encyclopedia of Greek mythology like no other, Mythologica features startlingly beautiful and exquisitely otherworldly portraits of mythological characters in eye-popping color from artist Victoria Topping and authoritative text from Classics scholar and Greek mythology expert Dr. Stephen Kershaw. Uncover the colorful lives of 50 powerful gods and goddesses, earth-dwelling mortals, and terrifying monsters as you journey back in time to ancient Greece. From the fearless Athena and her meddlesome ways to the brave and bold Odysseus and his remarkable journey home, discover why these incredible stories are still a part of our culture today. Listed alphabetically, each boldly designed spread presents a figure from the myths, including their name in Greek, their defining attributes, and a summary of their story, along with multiple sidelights that provide additional facts. Interspersed with the profiles are summaries of famous mythological tales and historical events, like the Odyssey, the Trojan War, and the story of the Argonauts. An electrifying visual portrayal of each figure transports you directly into their wild world. Victoria Topping's artwork is a fusion of technological and traditional techniques that combines photography, painting, and cut-paper collage to perfectly express the blending of human and fantastic traits from which mythical beings are made. The thrilling images and digestible text provide the perfect introduction to the lively world of Greek mythology. Prepare to be amazed as you uncover the epic, heroic, and sometimes terrible lives of mortals, monsters, and gods.
