qualities against the bad qualities. A self-evaluation and a comparison of oneself with oneself is more important than a comparison of oneself with others.

Think You Have an Inferiority Complex? Here's a List of ...

Inferiority complex is a term used to describe people who compensate for feelings of inferiority by acting in ways that make them appear superior. They do this because controlling others may help them feel less personally inadequate. According to Alfred Adler, a feeling of inferiority may be brought about by upbringing as a child, physical and mental limitations, or experiences of social discrimination. On the other hand,
