Formerly marketed as Abbey's 'predator' Lake during the early years, it has started to throw up some seriously good looking and seriously heavy carp in equal measure during the past 2 or 3 years, This is why in 2019 we decided to start the removal of the catfish as the potential of kingfisher as a carp lake was massive and after just 1 season of removals it has proved the right decision as the weights of the carp are increasing to staggering figures!!

~~The official UK website ABBEY LAKES – Kingfisher Lake~~

Kingfisher lake itself is split in two, both are worth a look with the larger of the two being slightly more prolific and less fished by coarse anglers. Though there are plans to remove all carp from the smaller side, which are already underway, so be sure to ask if any are left that side!

Kingfisher lake on the Bluebells complex is a very intriguing and mature 7 acre gravel pit holding a lot of big fish. It ' s hard to put an exact number on the actual stock but many believe there to be around 130 fish, including three 50lb fish {at the right time of year}. A backup team of around 27 x 40lb fish and a further 70 at 30lb or so.

30 years ago a superhero tried to save Chicago. Now the city is again under siege, in this gritty, suspenseful, and beautifully written novel from award-winning debut author T.J. Martinson. Somewhere in Chicago, a roomful of people have been taken hostage. The hostages will be killed one by one, the masked gunman says on-screen, unless the police will admit that they faked the death of the legendary superhero called the Kingfisher and helped him to give up his defense of the city thirty years ago. Retired reporter Marcus Waters made his name as a journalist covering the enigmatic superhero's five years of cleaning up Chicago's streets. Then the Kingfisher died, Chicago resumed its violent turmoil, and Marcus slid back into obscurity. But did the Kingfisher really die? And who would take hostages connected to the Kingfisher's past attempts to clean up the streets? With the help of disgraced police officer Lucinda Tillman and a young hacktivist named Wren, Marcus will explore the city's violence, corruption, and chaos to figure out if the vigilante hero died tragically, or gave up hope and abandoned the city—and for the hostages, the clock is ticking.

THIS SHOCKING CONSPIRACY THRILLER IS A WORK OF FICTION. MOSTLY.

What if the President of the United States is a foreign intelligence asset? It's October 2016. A loud, brash businessman with a history of shady dealings and sexual misbehaviour is a serious contender to win the presidency. Even a porn star's credible allegations don't seem to slow him down. But his most dangerous secrets may be hidden behind the former Iron Curtain. Journalist Grace Elliot is dispatched to Europe, hot on the trail of a story so big it could blow up the entire election - if she can stay alive long enough to tell it: The man who might become President was married to a Czech woman with a beguiling and contradictory past, no records, and no history - and who has all the hallmarks of a Soviet intelligence asset. Her codename is Kingfisher. And her mission is almost complete... THE AUTHOR HAS CHOSEN TO REMAIN ANONYMOUS OUT OF CONCERN FOR THE SAFETY OF HIS OR HER SOURCES.

Some of the greatest inventions that changed the modern world have been based on nature. In *Kingfishers to Bullet Trains*, readers will discover how the invention of bullet trains were modeled after the face of kingfisher birds. Book includes table of contents, glossary, index, author biographies, and sidebars.

From the award-winning author of *The Twisted Ones* comes a gripping and atmospheric retelling of Edgar Allan Poe's classic "The Fall of the House of Usher." When Alex Easton, a retired soldier, receives word that their childhood friend Madeline Usher is dying, they race to the ancestral home of the Ushers in the remote countryside of Ruritania. What they find there is a nightmare of fungal growths and possessed wildlife, surrounding a dark, pulsing lake. Madeline sleepwalks and speaks in strange voices at night, and her brother Roderick is consumed with a mysterious malady of the nerves. Aided by a redoubtable British mycologist and a baffled American doctor, Alex must unravel the secret of the House of Usher before it consumes them all.

“ Dressed up in the thrill and sparkle of the Roaring Twenties, the classic fairy tale of ‘ The Twelve Dancing Princesses ’ has never been more engrossing or delightful. Valentine ’ s fresh, original style and choice of setting make this a fairy tale reimagining not to be missed ” (Library Journal, starred review). Jo, the firstborn, “ The General ” to her eleven sisters, is the only thing the Hamilton girls have in place of a mother. She is the one who taught them how to dance, the one who gives the signal each night, as they slip out of the confines of their father ’ s Manhattan townhouse and into the cabs that will take them to the speakeasy. Together they elude their distant and controlling father, until the day he decides to marry them all off. The girls, meanwhile, continue to dance, from Salon Renaud to the Swan and, finally, the Kingfisher, the club they've come to call home. They dance until one night when they are caught in a raid, separated, and Jo is thrust face-to-face with someone from her past: a bootlegger named Tom whom she hasn ’ t seen in almost ten years. Suddenly Jo must balance not only the needs of her father and eleven sisters, but her own as well. With *The Girls at the Kingfisher Club*, award-winning writer Genevieve Valentine takes her superb storytelling gifts to new heights, joining the leagues of such Jazz Age depictees as Amor Towles and Paula McLain, and penning a dazzling tale about love, sisterhood, and freedom.
