sheer massive destruction caused by the war. Covering all aspects of the conflict from its origins and course to the peace settlements and the crises they generated, Colin Nicolson unravels historical controversies and also considers the social, cultural and economic consequences of the war for the whole of Europe. Containing all the essential facts and figures this Companion will be greatly welcomed by teachers, academics and students alike.

The European empires as they existed from the Age of Discovery until after the First World War shaped the modern world. So great has been their political, economic and cultural influence that to fully understand contemporary history and events, it is essential to have an understanding of the imperial past. This book is an impressive achievement. It brings together in one comprehensive volume, all the essential facts and figures relating to the process of empire-building by the European powers. It complements the Longman Companion to European Decolonisation in the Twentieth Century by the same author - together they help to explain why different empires had different philosophies, dissolved in different ways, and left different legacies.

Here is a wealth of factual and interpretative information about Germany between 1918 and 1945. Designed for maximum practicality, it sets the Hitler years in their wider context, with most sections spanning the Weimar Republic and the rise of Nazism as well as the Third Reich itself. In addition to political chronologies and anatomies of the Nazi party and the police state, there is detailed information on economy, society and culture; diplomacy, rearmament and war; and racial politics and the Holocaust. Biographies, glossary and a rich annotated bibliography

This is the first book of its kind to draw together information on the major events in Russian history from 1695 to 1917 - covering the eventful period from the accession of Peter the Great to the fall of Nicholas II. Not only is a vast amount of material on key events and topics brought together, but the book also contains fascinating background material to convey the reality of life in the period.

This reference guide throws light on almost every aspect of postwar international history from the rise of Mao's China to the Bosnian Civil War. It provides a huge wealth of information on East-West relations setting events, crises and conflicts in their full international context.

This Longman Companion provides a wide-ranging compendium of essential facts and figures on the Conservative Party - from its origins in the 1830s to the dawn of the 21st Century. Central to the book are the detailed chronologies on the Conservative Party's years in government and opposition. In addition, it contains fascinating information on the Party's relationships with women, ethnic minorities, the trade unions, Europe, Ireland, ideology, social reform and empire.
