The Materiality of Color: The Production, Circulation, and ...

The Materiality of Color is a remarkable collection of essays on the meaning of color as found in social and cultural contexts. While the aesthetics of color is duly taken into account, the focus is on color production - technology transfer, monopolies, labor regimes, and economies of exchange.

The Materiality of Color: The Production, Circulation, and ...

Although much has been written on the aesthetic value of color, there are other values that adhere to it with economic and social values among them. Through case studies of particular colors and colored objects, this volume demonstrates just how complex the history of color is by focusing on the diverse social and cultural meanings of color; the trouble, pain, and suffering behind the ...
