Robinson, consultant for this collection, is widely known for his groundbreaking contribution as the permanent secretary of UNESCO's International Committee for the Nag Hammadi codices, and his many published works on Gnostic texts ...

This is the most complete, up-to-date, one-volume, English-language edition of the renowned library of fourth-century Gnostic manuscripts discovered in Egypt in 1945, which rivaled the Dead Sea Scrolls find in significance. It includes the Gospel of Thomas, the Gospel of Mary, and other Gnostic gospels and sacred texts. This volume also includes introductory essays, notes, tables, glossary, index, etc. to help the reader understand the context and contemporary significance of these texts which have shed new light on early Christianity and ancient thought. This team of collaborators launched modern Gnostic studies and exposed a movement within Christianity whose teachings are in many ways as relevant today as they were centuries ago. The importance of their work has been underscored with the success of books by bestselling authors such as Elaine Pagels, Harold Bloom, and even Dan Brown. Opening the secrets of a religion which the Gnostics themselves had hoped would be kept sealed until the Last Day, this edition takes into account recent developments including the significance of the Gospel of Thomas and other lost gospels as a source of the authentic sayings of Jesus. This fascinating collection will become a welcome addition to the understanding of the formative years of the early Christian Church.

The Nag Hammadi Scriptures, edited by Marvin Meyer, is the most complete, up-to-date, one-volume, English-language edition of the renowned library of Gnostic manuscripts discovered in Egypt in 1945, which rivaled the Dead Sea Scrolls find in significance. It includes the Gospel of Thomas, the Gospel of Mary, and the recently discovered Gospel of Judas, as well as other Gnostic gospels and sacred texts. This volume also includes introductory essays, notes, tables, glossary, index, etc. to help the reader understand the context and contemporary significance of these texts which have shed new light on early Christianity and ancient thought. The compilation of ancient manuscripts that constitute The Nag Hammadi Scriptures is a discovery that challenges everything we thought we knew about the early Christian church, ancient Judaism, and Greco-Roman religions.

The Meaning of the Nag Hammadi, now in paperback opens the with the thrilling adventure story of the discovery of the ancient Papyri at Nag Hammadi. Muhammad Ali, the fellahin, discovered the sealed jar, he feared that it might contain a jinni, or spirit, but also had heard of hidden treasures in such jars. Greed overcame his fears and when he smashed open the jar, gold seemed to float into the air. To his disappointment, it was papyrus fragmenst, not gold, but for scholars around the world, it was invaluable. Meyer then discusses the pre-Christian forms of wisdom that went onto influence what Christians believe today. In addition, some Nag Hammadi texts are attributed to Valentinus, a man who almost became Pope, and whose rejection changed the church in significant ways. Text by text, Meyer traces the history and impact of this great find on the Church, right up to our current beliefs and popular cultural fascination with this officially suppressed secret knowledge about Jesus and his followers.

THE GNOSTIC BIBLE is by far the most comprehensive compilation of gnostic texts ever published - and the first aimed at rendering the texts in poetic, readable prose. The gnostics were religious thinkers engaged in the quest for wisdom and knowledge, and they proclaimed a salvation to be found through mystical knoweldge and intuition. As the Gospel of Thomas puts it, "Know whatis in front of your face and what is hidden from you will be disclosed. There is nothing hidden from you that will not be revealed." Dating from the first to the thirteen centuries, these gnostic texts represent Jewish, Chritian, Hemetic, Mandaean, Manichaeian, Islamic and Cathar forms of gnostic spirituality, and they derive from Egypt, the Greco-Roman world, the Middle East, Syria, Iraq, China, France and elsewhere. These texts show that gnosticism was a world religion that sought truths in a wide variety of religious traditions and expressed those truths in powerful and provocative mystical poetry and prose. The impact of gnosticism upon other religions of the world was considerable, and the influence of gnosticism continues to the present day. This volume represents the first time that such a diverse collection of gnostic texts is published in a single volume and some of the texts are translated into English for the first time here. The texts are accompanied bu introductions and notes and additional study aids describe gnosticism, elucidate gnostic terms and suggest further readings.

Selected by the Modern Library as one of the 100 best nonfiction books of all time The Gnostic Gospels is a landmark study of the long-buried roots of Christianity, a work of luminous scholarship and wide popular appeal. First published in 1979 to critical acclaim, winning the National Book Award and the National Book Critics Circle Award, The Gnostic Gospels has continued to grow in reputation and influence over the past two decades. It is now widely recognized as one of the most brilliant and accessible histories of early Christian spirituality published in our time. In 1945 an Egyptian peasant unearthed what proved to be the Gnostic Gospels, thirteen papyrus volumes that expounded a radically different view of the life and teachings of Jesus Christ from that of the New Testament. In this spellbinding book, renowned religious scholar Elaine Pagels elucidates the mysteries and meanings of these sacred texts both in the world of the first Christians and in the context of Christianity today. With insight and passion, Pagels explores a remarkable range of recently discovered gospels, including the Gospel of Thomas and the Gospel of Mary Magdalene, to show how a variety of "Christianities" emerged at a time of extraordinary spiritual upheaval. Some Christians questioned the need for clergy and church doctrine, and taught that the divine could be discovered through spiritual search. Many others, like Buddhists and Hindus, sought enlightenment—and access to God—within. Such explorations raised questions: Was the resurrection to be understood symbolically and not literally? Was God to be envisioned only in masculine form, or feminine as well? Was martyrdom a necessary—or worthy—expression of faith? These early Christians dared to ask questions that orthodox Christians later suppressed—and their explorations led to profoundly different visions of Jesus and his message. Brilliant, provocative, and stunning in its implications, The Gnostic Gospels is a radical, eloquent reconsideration of the origins of the Christian faith.

*Includes excerpts from the texts *Includes online resources and a bibliography for further reading Many people interested in biblical themes know about the Dead Sea Scrolls and their guardians, the mysterious Essenes, the sect of Judaism that hid its priceless library in caves before marching against the Romans in an end-time war, certain that God would intervene at the decisive moment. The ancient texts found in their rock cabinets have produced tons of literature. Fewer people know about an equally fascinating finding in the same region of the planet, made only a few months apart: a collection of hitherto unknown Christian codices, buried in the 4th century AD, and found accidentally by peasants near the city of Nag Hammadi, Upper Egypt. Among the old codices was The Gospel of Thomas, lost for sixteen centuries, and other unfamiliar titles such as The Gospel of Philip and the Acts of Peter and the Twelve Apostles. In this case it was not Essenes who had entrusted them to the protection of the caves and the centuries, but monks who followed a now forgotten variant of Christianity called Gnosticism. The Gnostics were mystics who had no real use or hope for the world. Their writings became forbidden when the Church defined the canon of the books authorized to be read in the congregation. For some reason, instead of burning them, the monks of Nag Hammadi decided to entrust them to posterity, perhaps waiting for better times. The library of Nag Hammadi, Egypt is as significant in the study of early Christianity as the writings of the Essenes to the understanding of Judaism during the time of the Roman occupation. Considering the history of religions, they were composed at the opposite sides of that watershed that was the 1st century CE, which witnessed the birth of Christianity and the destruction of the temple of Jerusalem. The Dead Sea Scrolls belonged to a community that lived before the traumatic destruction of Holy City and its temple at the hands of the Romans. The library of Nag Hammadi was produced and buried by a group of Christians whose ancestors had left their place of origin many years before. Although all the titles of the Nag Hammadi library are not known, many people have heard about its most famous components: The Gospel of Thomas -at one time it was discussed whether it should be included in the New Testament- and The Gospel of Philip, which tried to revive the debate around the identity of Mary Magdalene: "Why do you love her more than all of us?" asks a disconcerted Peter to Jesus. Finally, the Nag Hammadi texts have led many scholars to reconsider the rigid canons imposed by the early Church, and the readers to find a more intimate religion that turned upside down many postulates of Christian orthodoxy. Along with the history of their discovery in 1945, the analysis of

Read Free The Nag Hammadi Scriptures The Revised And Updated Translation Of Sacred Gnostic Texts Complete In One Volume

the main texts that form this collection, the exposition of their most important beliefs, and the reasons for their suppression in the 4th century CE, you will learn about the unknown gospels and the Gnostic texts of Nag Hammadi like never before.

The "Lost Gospels" refer to the Dead Sea Scrolls and the Nag Hammadi Library, both discovered in the 1940s. The Nag Hammadi Library consists of writings found by two peasants who unearthed clay jars in 1945 in upper Egypt. These did not appear in English for 32 years, because the right to publish was contended by scholars, politicians, and antique dealers. The Dead Sea Scrolls, discovered in clay jars in Palestine by a goatherder in 1947, weathered similar storms. The first team of analysts were mostly Christian clergy, who weren't anxious to share material that frightened church leaders. As Dr. Hoeller shows, they rightly feared the documents would reveal information that might detract from unique claims of Christianity. Indeed, the Dead Sea Scrolls and Nag Hammadi Library both contradict and complement accepted tenets of the Old and New Testaments.

Details the momentous discovery and significance of the ancient gnostic texts hidden for sixteen centuries in Chenoboskion, Egypt • Author was a member of the party that discovered these ancient Coptic documents • Sheds new light on the vanished world in which Christianity was born • 40,000 copies sold of earlier editions • Includes the first translation of the Gospel of Thomas, with full commentary Hidden for sixteen centuries, the Nag Hammadi library, the most prodigious collection of sacred gnostic texts, were discovered in the late 1940s in Chenoboskion, a remote hamlet in upper Egypt. Among them was the Gospel according to Thomas, which aroused international publicity and alerted the world to the significance of this archeological find, believed by many scholars to surpass the Dead Sea Scrolls in importance. The Discovery of the Nag Hammadi Texts is the original survey of the contents of these documents and their significance to the world at large. Doresse's narrative allows readers direct contact with an ancient form of Christianity through the philosophical wealth of the texts-ranging from gnostic revelations and Christian apocrypha to Hermetic literature-Included in the book is the original English translation of the Gospel of Thomas first published in 1960.
