rona. Rona—often in the phrase the rona—is an informal shortening of coronavirus. Coronavirus is popularly shortened to corona, which was apparently further clipped to rona.. Rona is often used as a playful or ironic way to refer to COVID-19, especially when commenting on more relatable, humorous challenges of social distancing during the pandemic.. It is generally not meant, however, to be ...

Reviewed in the United States on September 2, 1999. I read this book during the Summer of 1999, and I found it to be such an outrageously well-written book. There is enough humor and wit to balance the shocking (and anti-morality) tale about Carol Prince's life as "the other woman." This book was written in 1972, but I still found it timeless ...
