Timeless stories told anew Find out how the world was created, why the sun and the moon never meet each other though they live in the same sky, how clouds appeared to save mankind from the sun's scorching rays and why living creatures shed tears when they are in pain. Retold by bestselling author Anita Nair, these magical stories from all over the world come alive with a freshness and exuberance that is sure to delight and captivate readers of all ages.

One small act of kindness ripples out to connect four kids in this stirring novel by the author of the beloved The Benefits of Being an Octopus. Libby comes from a long line of bullies. She wants to be different, but sometimes that doesn't work out. To bolster herself, she makes a card with the message You are amazing. That card sets off a chain reaction that ends up making a difference in the lives of some kids who could also use a boost-be it from dealing with bullies, unaccepting families, or the hole that grief leaves. Receiving an encouraging message helps each kid summon up the thing they need most, whether it's bravery, empathy, or understanding. Because it helps them realize they matter-and that they're not flying solo anymore.

First published in 1968, THE GIANT UNDER THE SNOW created a fascinating world of magic, ancient evil and curses long before Harry Potter and His Dark Materials. Three children find an ornate Celtic buckle. To them it's treasure, a fantastic find. They have no idea that it has awakened a giant who has lain at rest for centuries. Little do they know that an evil warlord and his Leathermen have also awaited this moment, this chance to wield their deadly power. In a chilling tale full of menace and suspense the final battle between good and evil must be fought. This is a story that transcends age. Beautifully written, subtle and evocative, THE GIANT UNDER THE SNOW transports the reader into an intensely atmospheric world where the imagination knows no bounds.

Burt goes fishing, takes refuge from a storm in a whale's stomach, and decorates a whole school of whales' tails with striped band-aids.
