(PDF) Psychology and its Application in Tourism

Social psychology is a branch of psychology concerned with how social influences affect how people think, feel, and act. The way we perceive ourselves in relation to the rest of the world plays an important role in our choices, behaviors, and beliefs.

5 Important Concepts in Social Psychology

We then assess competing social psychological models of tourist motivation, concluding with implications for the development of an integrated social psychology of tourist motivation. Finally, we discuss lessons learned from the debates with implications for tourism theory and pedagogy. Keywords: Tourism motivation; The social psychology of touri
