I really enjoyed 'Time Ship' - Book one and Book two. After I completed Book 1, I had to go straight on to Book 2! I love time travel novels, and this one had interesting twists, authentic details of the pirates who came forward and I had difficulty putting it down - just wanted to see what would happen next.

Time Travel TIME SHIP - A Time Travel Adventure: (Book Two ...

The ending of HG Wells book "The Time Machine" is picked up and developed in a most satisfactory way at the conclusion of the book, to include an explanation (with political overtones which I am sure HG Wells himself would have approved of) of the divergence of the strands of humanity which develop into the Eloi and Morlock peoples.

The Axis of Time trilogy is an alternative history series of novels written by Australian journalist and author John Birmingham, from Macmillan Publishing. The novels deal with the radical alteration of the history of World War II and the socio-historical changes that result when a technologically advanced naval task force from the year 2021 is accidentally transported back through time to 1942. The early chapters of the first book in the trilogy, Weapons of Choice, are set in the near future.

Axis of Time - Wikipedia

By Tom Burden, Last updated 2/8/2019. Striking clocks use the traditional ship's bells. The following is taken from Chapman's standard reference book, Piloting, Seamanship and Small Boat Handling: Ship's bell time originated in sailing ship days, when the crew of a vessel was divided into Port and Starboard Watches, each on duty four hours, then off four hours.

Most United States Navy ships of the post–World War II era have actually carried 2 or 3 bells: the larger bell engraved with the ship's name, mounted on the forecastle, and smaller bells in the pilot house and at the quarterdeck at the 1MC (public address) station, for use in making shipwide announcements and marking the time. The larger bell on the forecastle is rung periodically as a fog ...

Queen Mary 2 Luxury Cruise Ship - Holidays with Cunard

During the so-called "Golden Age" of piracy (roughly 1700-1725), thousands of pirates terrorized shipping lanes all over the world, particularly in the Atlantic and Indian Oceans. These ruthless men needed good ships to be able to run down their prey and escape from pirate hunters and navy vessels. Where did they get their ships, and what made for a good pirate craft?

If you don't specify a processing time for an item, the buyer won't see a "ship by" date during the checkout process. If the buyer places an order for multiple items and one doesn't have a processing time, then the whole order won't show a "ship by" date, even if other items in the order do have processing times.

How to Set Processing Times and "Ship By" Dates – Etsy Help

Ship's bell, bell used as early as the 15th century to sound the time on board ship by striking each half hour of a watch. The mariner's day is divided into six watches, each four hours long, except that the 4:00 to 8:00 pm watch may be "dogged"; that is, divided into the first and second dogwatches, each two hours long, to allow men on duty to have their evening meal.

The breathtaking sequel to the acclaimed *The Girl from Everywhere*. "Fresh and exciting . . . truly the perfect playground for adventure."—NPR.org "Thrilling."—School Library Journal (starred review) Nix has spent her whole life journeying to places both real and imagined aboard her time-traveling father's ship. And now it's finally time for her to take the helm. Her future lies bright before her—until she learns that she is destined to lose the one she loves. Desperate to change her fate, Nix sails her crew to a mythical utopia to meet another Navigator who promises to teach her how to manipulate time. But everything in this utopia is constantly changing, and nothing is what it seems. Not even her relationship with Kash: best friend, thief, charmer extraordinaire. Heidi Heilig weaves fantasy, history, and romance together to tackle questions of free will, fate, and what it means to love another person. At the center of this adventure are extraordinary, complicated, and multicultural characters who leap off the page, and an intricate, recognizable world that has no bounds. This sequel—and conclusion—to *The Girl from Everywhere* includes five black-and-white maps of historical and mythical locations. Fans of Leigh Bardugo, Sabaa Tahir, and *Outlander* will be swept away.

H. G. Wells wasn't the only nineteenth-century writer to dream of a time machine. The Spanish playwright Enrique Gaspar published *El anacronópete*—"He who flies against time"—eight years before Wells's influential work appeared. The novel begins at the 1878 Paris Exposition, where Dr. Don Sindulfo unveils his new invention—which looks like a giant sailing vessel. Soon the doctor embarks on a voyage back in time, accompanied by a motley crew of French prostitutes and Spanish soldiers. The purpose of his expedition is to track down the imprisoned wife of a third-century Chinese emperor, believed to possess the secret to immortality. A classic tale of obsession, high adventure, and star-crossed love, *The Time Ship* includes intricately drawn illustrations from the original 1887 edition, and a critical introduction that argues persuasively for *The Time Ship*'s historical importance to science fiction and world literature.

"A truly extraordinary saga . . . The characterizations are consistently superb, and [Hobb] animates everything with love for and knowledge of the sea."—Booklist As the ancient tradition of Bingtown's Old Traders slowly erodes under the cold new order of a corrupt ruler, the Vestrits anxiously await the return of their liveship—a rare magic ship carved from sentient wizardwood, which bonds the ships mystically with those who sail them. And Althea Vestrit waits even more avidly, living only to reclaim the ship as her lost inheritance and captain her on the high seas. But the Vivacia has been seized by the ruthless pirate captain Kennit, who holds Althea's nephew and his father hostage. Althea and her onetime sea mate Brashen resolve to liberate the liveship—but their plan may prove more dangerous than leaving the Vivacia in Kennit's ambitious grasp. BONUS: This edition includes an excerpt from Robin Hobb's *Ship of Destiny*. Praise for Robin Hobb and the *Liveship Traders* Trilogy "Fantasy as it ought to be written . . . Robin Hobb's books are diamonds in a sea of zircons."—George R. R. Martin "A major work of high fantasy, reading like a cross between Tolkien and Patrick O'Brian . . . one of the finest fantasy sagas to bridge the millennium."—Publishers Weekly "Rich, complex . . . [Hobb's] plotting is complex but tightly controlled, and her descriptive powers match her excellent visual imagination. But her chief virtue is that she delineates character extremely well."—Interzone

The Girl from Everywhere, the first of two books, blends fantasy, history, and a modern sensibility. Its sparkling wit, breathless adventure, multicultural cast, and enchanting romance will dazzle readers of Sabaa Tahir and Leigh Bardugo. As the daughter of a time traveler, Nix has spent sixteen years sweeping across the globe and through the centuries aboard her father's ship. Modern-day New York City, nineteenth-century Hawaii, other lands seen only in myth and legend—Nix has been to them all. But when her father gambles with her very existence, it all may be about to end. Rae Carson meets *Outlander* in this epic debut fantasy. If there is a map, Nix's father can sail his ship, *The Temptation*, to any place and any time. But now that he's uncovered the one map he's always sought—1868 Honolulu, the year before Nix's mother died in childbirth—Nix's life, her entire existence, is at stake. No one knows what will happen if her father changes the past. It could erase Nix's future, her dreams, her adventures . . . her connection with the charming Persian thief, Kash, who's been part of their crew for two years.

“A truly extraordinary saga . . . The characterizations are consistently superb, and [Hobb] animates everything with love for and knowledge of the sea.”—Booklist Bingtown is a hub of exotic trade and home to a merchant nobility famed for its liveness—rare vessels carved from wizardwood, which ripens magically into sentient awareness. Now the fortunes of one of Bingtown’s oldest families rest on the newly awakened liveness Vivacia. For Althea Vestrit, the ship is her rightful legacy. For Althea’s young nephew, wrenched from his religious studies and forced to serve aboard the ship, the Vivacia is a life sentence. But the fate of the ship—and the Vestrits—may ultimately lie in the hands of an outsider: the ruthless buccaneer captain Kennit, who plans to seize power over the Pirate Isles by capturing a liveness and bending it to his will. BONUS: This edition includes an excerpt from Robin Hobb's Mad Ship. Praise for Robin Hobb and the Liveness Traders Trilogy “Fantasy as it ought to be written . . . Robin Hobb’s books are diamonds in a sea of zircons.”—George R. R. Martin “A major work of high fantasy, reading like a cross between Tolkien and Patrick O’Brian . . . one of the finest fantasy sagas to bridge the millennium.”—Publishers Weekly “Rich, complex . . . [Hobb’s] plotting is complex but tightly controlled, and her descriptive powers match her excellent visual imagination. But her chief virtue is that she delineates character extremely well.”—Interzone

This thrilling bestseller and National Book Award Finalist is a gritty, high-stakes adventure of a teenage boy faced with conflicting loyalties, set in a dark future America devastated by the forces of climate change. In America's flooded Gulf Coast region, oil is scarce, but loyalty is scarcer. Grounded oil tankers are being broken down for parts by crews of young people. Nailer, a teenage boy, works the light crew, scavenging for copper wiring just to make quota—and hopefully live to see another day. But when, by luck or by chance, he discovers an exquisite clipper ship beached during a recent hurricane, Nailer faces the most important decision of his life: Strip the ship for all it's worth or rescue its lone survivor, a beautiful and wealthy girl who could lead him to a better life.... In this powerful novel, Hugo and Nebula Award winning author Paolo Bacigalupi delivers a fast-paced adventure set in the vivid and raw, uncertain future of his companion novels *The Drowned Cities* and *Tool of War*. "Suzanne Collins may have put dystopian literature on the YA map with *The Hunger Games*...but Bacigalupi is one of the genre's masters, employing inventively terrifying details in equally imaginative story lines." --Los Angeles Times A New York Times Bestseller A Michael L. Printz Award Winner A National Book Award Finalist A VOYA 2010 Top Shelf Fiction for Middle School Readers Book A Rolling Stone 40 Best YA Novels Book

Ship of Smoke and Steel is the launch of Django Wexler's cinematic, action-packed epic fantasy *Wells of Sorcery* trilogy. In the lower wards of Kahnzoka, the great port city of the Blessed Empire, eighteen-year-old ward boss Isoka enforces the will of her criminal masters with the power of Melos, the Well of Combat. The money she collects goes to keep her little sister living in comfort, far from the bloody streets they grew up on. When Isoka's magic is discovered by the government, she's arrested and brought to the Emperor's spymaster, who sends her on an impossible mission: steal Soliton, a legendary ghost ship—a ship from which no one has ever returned. If she fails, her sister’s life is forfeit. On board Soliton, nothing is as simple as it seems. Isoka tries to get close to the ship's mysterious captain, but to do it she must become part of the brutal crew and join their endless battles against twisted creatures. She doesn't expect to have to contend with feelings for a charismatic fighter who shares her combat magic, or for a fearless princess who wields an even darker power. “Truly epic, fierce, and exhilarating, *Ship of Smoke and Steel* will capture you and lock you away. With magical combat sequences fit for the big screen, the action is almost as breathtaking as the intrigue.” —Morgan Rhodes, New York Times bestselling author of the *Falling Kingdoms* series At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

With his novel *City of Fire*, Robert Ellis debuted a dynamic new character in Los Angeles detective Lena Gamble, but also captured a vivid picture of the city of Los Angeles. Readers and critics made *City of Fire* an instant phenomenon, as the book became a Los Angeles Times bestseller and was named a top summer read by *People* magazine, *USA Today*, and *The New York Times*. Now Lena Gamble is a cop held in disgrace by department higher-ups for the explosive way the Romeo case played out, though she's still hailed as a hero by her colleagues for catching the killer. For her punishment, she hasn't handled a real murder investigation in eight months. When the chief finally tosses her a case, she's thrilled until she gets a look at the scene and realizes he's probably setting her up to be exiled once and for all: The victim is unidentified, and there are no witnesses, and no leads. Just the body, chopped into pieces and dropped in a Dumpster—gruesome enough to ensure that once again the media will be following Lena's every move. Robert Ellis delivers another high-speed, commercial, powerful read, featuring one of the most engaging and vibrant police characters on the shelf today.

A Sea of Fear You're Five-Star Admiral Harry Fenton, who President Blake calls the greatest fighting admiral in American history. Along with your Navy Commander wife, Meg, you lead your carrier strike group against the worst enemy the country has faced since World War II, a small nation that is intent on destroying the world's shipping industry. The seas of the world have become scenes of plunder and pillage, not to mention mass murder. The president has convinced you to come out of retirement and put an end to the looming crisis. He promotes you to Fleet Admiral, the highest-ranking officer since Admiral Chester Nimitz. You and Meg were having a pleasant retirement, running a world class resort that you bought in Rhode Island. But when the president pleads you to "Give 'em Hell, Harry," you know that you can't ignore his call to duty. As people who have time traveled in the past, you come up with an idea to travel three years into the future. With President Blake's blessing, you and Meg lead a group of officers into the future. What you find is horrifying, an America taken over by a totalitarian dictator. You return to the past and report your findings. President Blake, hearing your terrifying story, convinces you that you have an even bigger call to duty, the greatest challenge of your life. You take on the challenge for one reason—Meg will be at your side. As in the first two books of the Harry and Meg Series, *The Maltese Incident* and *The Violent Sea*, *A Sea of Fear* is a sweet romance between two of literature's most exciting and likeable characters, Harry and Meg Fenton. *A Sea of Fear* is a story of war, politics, time travel, and love.

A crew of outcasts tries to find a legendary ship before it falls into the hands of those who would use it as a weapon in this science fiction adventure series for fans of *The Expanse* and *Firefly*. A washed-up treasure hunter, a hotshot racer, and a deadly secret society. They're all on a race against time to hunt down the greatest warship ever built. Some think the ship is lost forever, some think it's been destroyed, and some think it's only a legend, but one thing's for certain: whoever finds it will hold the fate of the universe in their hands. And treasure that valuable can never stay hidden for long.... Read the book that V. E. Schwab called "A clever fusion of magic and sci-fi. I was hooked from page one."
