Titan Industrial 8500 - YouTube

The Titan generator line is divided into two product categories: Titan Gasoline Generators; Titan Diesel Generators; In each of these portable generator categories, Titan offers several models with various power output ratings ranging from 2500 to 7200 watts for gas powered generators, and a walloping 4800 to 6000 watts for the diesel powered generators. When you select Titan Generator, you ...

Titan Generators – Find a Generator

Know what the numbers mean on the generator also. I believe the Titan 7500 has 7500 STARTING watts versus The 6800 Generac gas one that I have is 6800 running watts. In this example, the Generac is likely the larger generator. FYI - I like our Generac 6800. It starts in the cold and has the power to run everything we need at the shows. Its loud, but for 8X the price I could get a Honda. Logged ...

TITAN 7500W Diesel generator experience?

Titan TG 8500 Industrial Generator – Like the TG 7500D, this model is a single phase (60 Hz.) with a maximum output of 8400 watts. Fitted with an 11 horse power Titan gasoline engine and a fuel tank capacity of 5 gallons, it is capable of 10 hours continuous operation at 50% load.
