The sinking of the Titanic is one of the most infamous shipwrecks in history. On April 15, 1912, during her maiden voyage, the widely considered "unsinkable" RMS Titanic sank after colliding with an iceberg. Unfortunately, there weren't enough lifeboats for everyone onboard, resulting in the death of 1502 out of 2224 passengers and crew.

very large or important: He was the loser in the titanic struggle to own the company. a titanic figure in the world of business (Definition of titanic from the Cambridge Business English Dictionary © Cambridge University Press)

TITANIC | meaning in the Cambridge English Dictionary

Titanic is an event film and a monument to Cameron's risk-taking audacity, blending the tragic irony of the Titanic disaster with just enough narrative invention to give the historical event its fullest and most timeless dramatic impact.

"Time is no more for the fifteen hundred souls who perished with them; but Honour and Glory, by strange ways and unlooked-for events, have come into their own. It was not Time, nor the creatures and things of Time, that received their final crown there; but things that have nothing to do with Time, qualities that, in their power of rising beyond all human limitations, we must needs call divine." "To say that all the men who died on the Titanic were heroes would be as absurd as to say that all who were saved were cowards. There were heroes among both groups and cowards among both groups, as there must be among any large number of men." "In such moments all artificial bonds are useless. It is what men are in themselves that determines their conduct; and discipline and conduct like this are proofs, not of the superiority of one race over another, but that in the core of human nature itself there is an abiding sweetness and soundness that fear cannot embitter nor death corrupt." The story of the sinking of the Titanic based on first hand accounts collected in the days and weeks following the disaster. The story of the Titanic is now well known, but in the months following the disaster wild speculation was rife. On Thursday 22 May 1912, a mere 37 days after the sinking, respected London publisher Grant Richards, delivered Filson Young's book to booksellers around the capital. It was the first attempt to plot the demise of the unsinkable ship from a well-respected writer who had already argued in the light of the Oceana sinking, for proper use of the wireless on board ships. Both Filson and Grant knew victims of the sinking and both worked hard to gather first-hand testimony to use in the book. Much of his telling of the story still stands today and his speculations about the feeling of daily life aboard the doomed ship are used in books and films on the subject.

Recounts the story of how the world's biggest, safest ship sank on its first trip.

Panic, despair, shocking inefficiency, and a dash of heroism. Two lengthy narratives by passengers who had a thorough knowledge of the sea and by members of the ship's crew. 26 illustrations.

The most terrifying events in history are brought vividly to life in this New York Times bestselling series! Ten-year-old George Calder can't believe his luck -- he and his little sister, Phoebe, are on the famous Titanic, crossing the ocean with their Aunt Daisy. The ship is full of exciting places to explore, but when George ventures into the first class storage cabin, a terrible boom shakes the entire boat. Suddenly, water is everywhere, and George's life changes forever. Lauren Tarshis brings history's most exciting and terrifying events to life in this New York Times bestselling series. Readers will be transported by stories of amazing kids and how they survived!

In graphic novel format, tells of the events that occurred when the steamship Titanic struck an iceberg and sank on her maiden voyage.

When James Cameron's film Titanic first sailed across the silver screen in 1997, audiences were amazed by its groundbreaking visual effects, cinematography, and heart-wrenching love story. Now, nearly fifteen years later, Titanic has remained one of the most critically acclaimed and highest-grossing motion picture epics of all time, becoming a cultural phenomenon. In this updated edition of the New York Times bestseller, discover everything you've always wanted to know about Titanic, from the actual construction of the "ship of dreams" to the casting of Jack and Rose, one of the most memorable film couples in Hollywood history. Featuring an in-depth new foreword by James Cameron that details the personal impact Titanic had on his life and career as a filmmaker and never-before-seen photographs—plus a removable, double-sided poster—this collector's edition is the ultimate behind-the-scenes look at one of the most beloved movies of all time.

For more than 100 years, people have been captivated by the disastrous sinking of the Titanic that claimed over 1,500 lives. Now young readers can find out why the great ship went down and how it was discovered seventy-five years later. At 2:20 a.m. on April 15, 1912, the Royal Mail Steamer Titanic, the largest passenger steamship of this time, met its catastrophic end after crashing into an iceberg. Of the 2,240 passengers and crew onboard, only 705 survived. More than 100 years later, today's readers will be intrigued by the mystery that surrounds this ship that was originally labeled "unsinkable."

The magic tree house transports Jack and Annie to the deck of the Titanic to find the mysterious gift that will free a small dog from a magic spell.

Twenty-nine realistic drawings depict Titanic at dock in Southampton, England; passengers dining and strolling on deck, the ship striking the iceberg, passengers jumping into the water, and more. Captions.

Seconds after its initial launch, Starship Titanic undergoes SMEF (Spontaneous Massive Existence Failure) and vanishes, only to mysteriously turn up at the home of Dan and Lucy Gibson, residents of a remote, little-known planet called Earth. Reprint.
