After hand-lettering a book of quotes as a baby shower gift for her friend Joanna Goddard (of the popular lifestyle blog, Cup of Jo), Samantha Hahn was inspired to create an illustrated gift book and companion keepsake journal for other mothers to personalise. *Stories for My Child* features prompts for capturing the spectacular and quotidian moments of raising a child, along with thoughtfully selected quotes from contemporary and literary sources. Designed with Hahn's ethereal watercolors and chic hand lettering, the journal represents a sophisticated take on the parenting keepsake, and a treasure to pass along when the child grows up. *Stories for My Child* will have the same trim and a complementary design to Samantha Hahn's quote book (both available Spring '16)--making them a wonderful gift set for Mother's Day or baby showers.

Grieving over the death of a special person, a young child creates a memory box to keep mementos and written memories of the loved one. Includes a guide for parents with information from a Christian perspective on helping manage the complex and difficult emotions children feel when they lose someone they love, as well as suggestions on how to create their own memory box.

Record details of your life, family history, values, memories, and more for your children by following the prompts in this appealing keepsake journal. With sections for school and work, marriage and spirituality, and of course parenthood, the guided questions here will help you create a family heirloom.

Ask any mother and she will tell you there are just not enough hours in the day. By the time she has fed, clothed, and bathed the children, read *Curious George* for the 100th time, cut the crusts off the PB&J sandwiches, and removed the ground-in dirt from the play clothes, she does not have time to create a detailed scrapbook of each of her children's lives. It's no wonder that so many elaborate baby books remain incomplete, their pristine pages adding to the guilt and inadequacy that many moms already feel. That is why *The Mommy Journal* is so perfect for today's moms. It offers a quick and guilt-free way to record the special moments of childhood. Space for each entry is only about three inches long and undated, so there is no pressure to write lengthy narratives or to journal every day. In less than five minutes, mothers can quickly jot down the moments they want to remember forever. Plus, unlike traditional baby books, *The Mommy Journal* lets mothers record memories of all their children in one place. Charming illustrations of toys, hearts, and animals grace each page. Every few pages contain a bit of parenting wisdom such as, "The best thing you can give children next to good habits are good memories." Instructions for fun activities moms can do with their children, such as make edible finger paint from instant pudding, are included as well. *The Mommy Journal* will become a treasured keepsake, both for the mom who creates it and for the child who receives this precious record of childhood.
