Tomatoland – All about processed tomato

Tomatoland is a highly persuasive account of the dangers, pitfalls and evils of highly industrialized farming. In this case Barry Estabrook has focused on tomatoes. Why has something that used to taste so good and have so much nutrition now taste bad and have half the vitamins as 40 years ago? These are great questions.

Tomatoland: How Modern Industrial Agriculture Destroyed ...

Based on a James Beard award-winning article from a leading voice on the politics of agribusiness, Tomatoland combines history, legend, passion for taste, and investigative reporting on modern agribusiness and environmental issues into a revealing, controversial look at the tomato, the fruit we love so much that we eat \$4 billion-worth annually.

Tomatoland - King County Library System - OverDrive

Tomatoland reads like a suspenseful whodunit as well exposé of today's agribusiness systems and the price we pay as a society when we take taste and thought out of our food purchases. PUBLISHERS WEEKLY MAY 16, 2011. In this eye-opening exposé, Vermont journalist Estabrook traces the sad, tasteless life of the mass-produced tomato, from its chemical-saturated beginnings in south Florida to far ...

?Tomatoland on Apple Books

But Tomatoland turns out to be more about slavery than anything else. Many reviews of the book have noted as much, and I feel a similar obligation: both to let a reader know what's coming, and to praise Estabrook for broaching a vital and forbidding issue. As so often, the subtitle of a book misleads. (I suspect that authors choose titles, and marketing departments write subtitles.) "How ...

lection: tomatoland

Estabrook traces the supermarket tomato from its birthplace in the deserts of Peru to the impoverished town of Immokalee, Florida, a.k.a. the tomato capital of the United States.
