GO 5200 Wi-Fi – TomTom Support

TomTom is a manufacturer synonymous with sat navs – and for all the right reasons. It served up its first standalone personal sat nav in 2004 and, since then, has built up a reputation for supplying devices that are effective and easy to use. This, the range-topping TomTom Go 5200, looks set to continue that trend.

My TomTom GO 5200 has the same fault as user eshustrov. It does not show any maps in the download menu section. The only map on the device was a very old version of Europe map (v975). Also the message appears, that my device is 'up-to-date' , but of course it is not. And after trying and trying I ended up with no maps at all and now and the device is stuck at the 'install map' menu while there ...
