If your church does have a welcome center, you'll want to make sure it's very easy to find. This can be accomplished through good signage throughout your building. Placing easy-to-read signs throughout your church building to make everything effortless to find is a good principle to follow in general.

Today many pastors are struggling to adapt to a post-Christian culture without abandoning orthodox theology. How do we communicate the

concepts of grace and substitutionary atonement in our globalized culture and context? In Center Church, Timothy Keller offers challenging insights and provocative questions based on over twenty years of ministry in New York City. This book outlines a theological vision for ministry - applying classic doctrines to our time and place - organized around three core commitments:

- Gospel-centered: The gospel of grace in Jesus Christ changes everything, from our hearts to our community to the world. It completely reshapes the content, tone and strategy of all that we do.
- City-centered: With a positive approach toward our culture, we learn to affirm that cities are wonderful, strategic and

underserved places for gospel ministry. • Movement-centered: Instead of building our own tribe, we seek the prosperity and peace of our community as we are led by the Holy Spirit. "In this important book, Tim Keller unpacks the gospel and gently but firmly reminds us that it is nonnegotiable. At the same time, he enables us to think through how we can responsibly interact with the culture, how we can - indeed, must - appreciate good things within it, and how we can firmly and faithfully apply the gospel to it." - D.A. Carson, research professor of New Testament, Trinity Evangelical Divinity School

Central (1858-2008) has gathered a collection of histories, memories and musings from its members as well as former staff and their families. The result is a colorful patchwork quilt of both research and recollection that captures this venerable Atlanta congregation's rich array of ministries, programs and activities through the years. Members and visitors alike receive a warm welcome at Central Presbyterian Church in Atlanta--a church well known for its inclusive hospitality. Within this historic place, at the heart of the old city, all receive strength from the ministries of worship, education, and congregational nurture, and leave equipped to respond to the ever changing needs of the community and the

world. Central as it appeared in 1937 provides a backdrop for the Palm Sunday march on Capitol Hill.

All churches like to think that theirs is the friendliest in town. But do visitors see it that way? Church consultant Gary McIntosh invites readers to take a look at their church through the eyes of visitors and potential visitors. His starting point, grounded in an understanding of God as a "welcomer," is that churches should see those who enter their doors as not merely visitors, but as guests, and themselves as gracious hosts. This practical book offers sound advice on assessing and improving the ways in which churches attract

people, welcome them, do follow-up, and bring them into the church family. It also offers suggestions for making a welcoming attitude part of the very fabric of the local church.

Church was not always done the way we do it. There was a time when Christians gathered around tables, included the strangers and the poor, ate together, and talked about Jesus. This form of church occurred mostly during the first three hundred years of Christianity, and was highly

effective in bringing lost people to Jesus. While the church of today is very meaningful to Christ-followers, it is failing to help our lost neighbors find their way to the Savior. That is no small concern for Jesus' churches, all of which are called to be in the rescue business. This little book examines what it might be like for a traditional church to plant a Dinner Church in a nearby hurting neighborhood.

How many times have we heard these statements... "We can't compete with the megachurch in our town!" "A new church was started two blocks from us. We've got plenty of churches without them!" "The church brought another one of their campuses

near us. It's totally unethical what they are doing." "We can't reach young families. They all go to the big church that has all the children's and student stuff." "We don't have the money or the people the other churches have." Bestselling author Thom S. Rainer (*I Am a Church Member, Autopsy of a Deceased Church*) has heard comments like these hundreds, if not thousands, of times. They are statements of hopelessness. They are statements of despair. They are statements of defeat. Church leaders don't want to feel this way. They desire to break out of the mediocrity of the same, lame, and tame existence of their churches. They want their churches to make a difference. There is hope. God's hope. God's
