For ten years a voice from deep within the Mexican jungle has inspired us to fight back.

## Read PDF Ya Basta Ten Years Of The Zapatista Uprising

Examines how Zapatismo, the political philosophy of the Zapatistas, crossed the regional and national boundaries of the isolated indigenous communities of Chiapas to influence diverse communities of North American activists.

In the early hours of January 1, 1994 a guerrilla army of indigenous Mayan peasants emerged from the highlands and jungle in the far southeast of Mexico and declared "¡ Ya basta!" - "Enough!" - to 500 years of colonialism, racism, exploitation, oppression, and genocide. As elites in Canada, the United States, and Mexico celebrated the coming into force of the North American Free Trade Agreement the Zapatista Army of National Liberation (Ejército Zapatista de Liberación Nacional, EZLN) declared war against this 500 year old trajectory toward oblivion, one that they said was

most recently reincarnated in the form of neoliberal capitalist globalization that NAFTA represented. While the Zapatista uprising would have a profound impact upon the socio-political fabric of Chiapas its effects would be felt far beyond the borders of Mexico. At a moment when state-sponsored socialism had all but vanished from the global political landscape and other familiar elements of the left appeared utterly demoralized and defeated in the face of neoliberal capitalism's global ascendance, the Zapatista uprising would spark an unexpected and powerful new wave of radical socio-political action transnationally. Through an exploration of the Zapatista movement's origins, history, structure, aims, political philosophy and practice, and future directions this book provides a critical, comprehensive, and accessible overview of one of the most important rebel groups in recent history.

## Read PDF Ya Basta Ten Years Of The Zapatista Uprising

Since the earliest development of states, groups of people escaped or were exiled. As capitalism developed, people tried to escape capitalist constraints connected with state control. This powerful book gives voice to three communities living at the edges of capitalism: Cossacks on the Don River in Russia; Zapatistas in Chiapas, Mexico; and prisoners in long-term isolation since the 1970s. Inspired by their experiences visiting Cossacks, living with the Zapatistas, and developing connections and relationships with prisoners and ex-prisoners, Andrej Grubacic and Denis O' Hearn present a uniquely sweeping, historical, and systematic study of exilic communities engaged in mutual aid. Following the tradition of Peter Kropotkin, Pierre Clastres, James Scott, Fernand Braudel and Imanuel Wallerstein, this study examines the full historical and

contemporary possibilities for establishing self-governing communities at the edges of the capitalist world-system, considering the historical forces that often militate against those who try to practice mutual aid in the face of state power and capitalist incursion.

This controversial book establishes fundamental similarities between anti-globalization aurora movements, offering a new understanding of the sources and significance of resistance to the spiritual conditions of the modern world.

From the 1950s to the late 1990s, agents of the state spied on, interrogated, and harassed gays and lesbians in Canada, employing social ideologies and other practices to construct their targets as

## Read PDF Ya Basta Ten Years Of The Zapatista Uprising

threats to society. Based on official security documents and interviews with gays, lesbians, civil servants, and high-ranking officials, this path-breaking book discloses acts of state repression and forms of resistance that raise questions about just whose national security was being protected. Passionate and personalized, this account of how the state used the ideology of national security to wage war on its own people offers ways of understanding, and resisting, contemporary conflicts such as the "war on terror."

Charles Taylor is a philosopher concerned with morality and the nature of the identity of individuals and groups in the West. This book offers an evaluation of Taylor's conception of self, and its moral and political possibilities.
